On January 18, 2002, the claimant of the above-captioned water rights, the Emmett Irrigation District, through its counsel of record, filed *Standard Form 4, Motion to File Amended Notice of Claim* for each of the above-captioned water right claims. The purpose of the amendment was stated to be to correct the number of irrigated acres for the place of use element of the claim. A hearing was held on the motions on June 26, 2002, at which time the motion was granted from the bench. This order memorializes that the *Standard Form 4, Motions to File Amended Notices of Claim* are **granted**.

At the hearing, it was determined that an *Amended Director's Report* will be necessary for the amended claims. AO1 § 4(d)(2)(I). Accordingly, the following deadlines shall apply:

Filing of the *Amended Director's Report* November 15, 2002
Objection Deadline December 30, 2002
Response Deadline January 13, 2003

Any party to the SRBA may file an objection to the *Amended Director's Report*. Any party to these subcases who have already filed objections or responses may file new objections to the *Amended Director's Report*. However, the objections which have

already been filed will be deemed to be objections to the *Amended Director's Report*, and therefore the filing of new objections is not necessary to the extent that the existing objection continues to state the party's position with respect to the *Amended Director's Report*.
