I. FINDINGS OF FACT

Claims were filed for these water rights pursuant to I.C. § 42-1409. The Director of the State of Idaho Department of Water Resources examined the water system for this reporting area. The *Director's Report* contained recommendations for the elements of these water rights. The claims were based only on state law, and asserted early priority dates.

Objections were filed by the USDA Forest Service on September 10, 1999. *Objections* were filed by Pickett Ranch & Sheep Co., Joe Tugaw, Jared Bedke, Bruce Bedke, Joyce Livestock Company, Jerry Hoagland, Scott Bedke, Karl Bedke, Michael Poulton, Gary Poulton and Western Stockgrowers Association (hereafter "Second Objectors") on September 10, 1999.

The "Second Objectors" filed a *Notice of Withdrawal of Objections and Responses* on August 29, 2002. The remaining *Objections* were resolved with the filing of *Standard Forms 5/Amended Claims* on December 2, 2002. All parties to the subcases and IDWR are signatories to the *Standard Forms 5/Amended Claims*. The *Standard Forms 5/Amended Claims* were placed on the Docket Sheet. No objections were filed and the time for filing such objections has now expired. There are no unresolved objections remaining in these subcases.

II. CONCLUSIONS OF LAW

The United States claimed these rights under state law. There is no assertion that these rights are based on a federal reservation. The United States claimed early priority dates for these rights. The priority dates were investigated by IDWR and recommended in the *Director's Report*. The *Director's Report* has *prima facie* weight.

Based on the file and record herein, IT IS RECOMMENDED that these water rights be decreed with the elements set forth in the *Special Master's Recommendations for Partial Decrees*.
