Dear Sirs;

I am writing this letter in behalf of my brother S. Dwight Spaulding, who is 6 years my junior, in regards to the case #A22-10-90

The water from the Ditch he has referred to has been used to irrigate this land long before it was ever leveled. I spent a lot of time with our father and know that we used it to water a pasture that has since been leveled and planted into crops. My first memory of it was in 1932 as a small boy with my father and grandfather backing up the water to get it out onto the pasture. This was the only source of water for that field at that time. I don't know how long before this it was used but it has been used throughout my lifetime. I was born in 1929.

I live just across the street from my brother Dwight and have worked with him and my father for most of these years

Sincerely,

M. Bruce Spaulding
