Re: Ft Hall Allottee Priority date

Mr. Thomas W.- and Mrs. C. Lynn Mullican of 3558 S Marsh Creek Rd, McCammon, Idaho 83250, have amended their claim for this file to reflect the Ft Hall negotiated priority date for Indian Allottees.

The Mullicans have provided some information that indicates the connectivity between his property and the original allottee number 35, Yah-man-zo-nah.

Given that the source claimed for this water right is from a spring, I feel that it is likely that the spring was put to use on or near the claimed priority date. Therefore, I recommend that the right 29-13418 be recommended with the Allottee date accordingly.
