Case No. 39576) (Deeg)

Findings of Fact

Farold J. Nelson filed a *Notice of Claim to a Water Right* under 41-07030 on March 7, 1990, claiming 1.4 cfs from groundwater to irrigate 126 acres in Power County from March 15 to November 15 with a priority date of January 2, 1978, based on a license. The Director of the Idaho Department of Water Resources filed his *Director's Reports for Irrigation and Other, Reporting Area 7, IDWR Basin 42* on November 2, 1999. The Director recommended the claim as filed, but to Timothy P. Deeg, 2957 Deeg Road, Rockland, Idaho 83211, for irrigation from April 1 to October 31.

The claimant filed an *Objection* on December 22, 1999, objecting to quantity, points of diversion and period of year. The Twin Falls and North Side Canal Companies filed *Objections* on January 3, 2000, objecting to source and quantity and alleging the water right should not exist. On August 27, 2001, the Special Master entered an *Order Granting Respondents' Motions for Partial Summary Judgment* in consolidated subcases 35-07200 and 41-02016 dismissing the Canal Company *Objections*.

The claimant reported that his *Objection* would be resolved by administrative transfer proceedings, but the application has not been filed for more than a year because of delays in obtaining expert assistance. Finally, the Special Master entered an *Order Setting Deadline* requiring the claimant to file with IDWR a transfer application no later than November 8, 2002; otherwise, the Special Master would recommend that the claim be decreed as recommended by IDWR. To date, there is no evidence that the transfer application has been filed.

Conclusions of Law

Timothy P. Deeg is entitled to a partial decree adjudicating a water right as recommended by IDWR and as described in the attached *Special Master Recommendation for Partial Decree for Water Right 41-07030*.
