Case No. 39576

SUBCASE NO.: 67-11059

STANDARD FORM 5
AMENDED CLAIM

For Domestic and Stockwater Rights

This form is used to report the stipulated elements of one "domestic and/or stockwater" right acquired under state law and/or one federal reserved water right and to amend the Notice of Claim. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; that they have been served with sufficient process, according to the law; and that they have appeared, prosecuted, and defended their positions with regard to this water right dispute.

Pursuant the terms of the *Stipulation and Joint Motion for Order Approving Stipulation* filed on August 29, 2002, such stipulation being incorporated into this *Standard Form 5*, the parties and IDWR agree and stipulate that the elements of water rights 67-14393 and 67-14394 should be described per the attached. Water right 67-11059 has been split into two water rights and renumbered as 67-14393 and 67-14394. The parties and IDWR have indicated their concurrence by initialing each of the attached pages. The parties and IDWR further agree and stipulate that water right 67-11059 should be disallowed.
