E. **REASONS SUPPORTING OBJECTION(S):**

The point of diversion and place of use in the SWSW of Section 11, T3N R11E as shown on the Directors Report Recommendation is incorrect. This area includes National Forest System Lands and the claimant is not authorized to occupy and use National Forest System lands for this purpose. The SWSW actually includes part of Homestead Entry Survey (HES) 149 which is private land and Government (Public Land) Survey Lot 5 which is National Forest System land. It is not clear if the legal location of this groundwater source is on HES 149 or Lot 5.
