E. REASONS SUPPORTING OBJECTION(S):

The purpose of this objection is to correct the legal description of the place of use. The State of Idaho, through the Idaho Department of Lands, is the owner of the lands described as the place of use in the Director's Report. This land is Public School endowment land. However, the state understands that the claimant owns a patented mineral claim and that the claimant's use of water occurs on this patented mineral claims. This objection may be resolved by a statement in the place of use description that the place of use does not include state public school endowment land.
