A25-00061B / A25-00138A Summary 10/16/03

I couldn't contact owners, no one was at home, so I was not accompanied on this inspection.

① Ownership. Letter did not return so I presume ownership/address are OK.

② POD. Both claimed PODs were located, see sketch on layout. West POD appears not to have been used recently.

West POD 674,136 E 279,155 N
Waypoint 61B-2

East POD 674,873 E 279,460 N
Waypoint 61B-1

Note: West POD photo looks like a well but there is an underground pipe to the creek below the pump column.

③ POU. See sketch on layout. South of RR tracks is a hillside, I presume this was historically irr. by Farmers Friend ditch other claimants have referred to.

④ Overlap. From ③ above I assume Farmers Friend overlap.
