STATE OF IDAHO	)
	) ss:
COUNTY OF ADA	)

Terry M. Scanlan, being first duly sworn, deposes and states:

1. I am a consulting engineer doing business as Scanlan Engineering at
600 East River Park Lane, Suite 105, Boise, Idaho 83706.

2. My educational background includes Bachelors' and Masters' degrees in geological engineering from the University of Idaho granted in 1983 and 1986, respectively. I am registered as a professional engineer and as a professional geologist in the State of Idaho. I currently serve on the Idaho Board of Registration for Professional Geologists.

3. My work experience includes nine years as Principal Engineer and Hydrogeologist for Scanlan Engineering. This work has consisted primarily of consulting on water right and water supply matters, including preparation of applications for numerous water right permits and transfers. My consulting work also has included investigations of water rights and SRBA claims. Prior to forming Scanlan Engineering, I was employed by the firm of Montgomery Watson for eight years working on water supply, water right, and environmental projects. I was employed by the U.S. Geological Survey from 1984 through 1986, and by the Idaho Bureau of Mines (now the Idaho Geological Survey) in 1982 and 1983.

4. George and Cheryl Colwell, the Claimants of water right no. 65-22762, are my clients. Water right no. 65-22762 is claimed with a place of use on the Colwells' Birding Island Ranch.

5. In connection with my review of the water rights associated with the Colwells' Birding Island Ranch, I visited the property on January 13, 2002. Based on my discussions with the Colwells, my visit to Birding Island Ranch and my review of available water right documentation for Birding Island Ranch, I have recommended that the Colwells claim water right no. 65-22762 in the SRBA and I have prepared that SRBA claim for them.

6. SRBA Claim No. 65-22762 covers instream stock water use along Big Willow Creek on Birding Island Ranch.

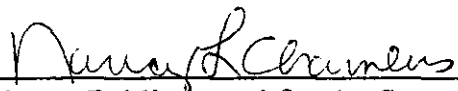

FURTHER YOUR AFFIANT SAYETH NAUGHT.

DATED this 27th day of February, 2003.
