In Addition: There is now a way to research water rights over the Internet. The system is a graphical or text query system and can be accessed from the IDWR home page:

<http://www.idwr.state.id.us>

From that link, select "Snake River Basin Adjudication" toward the lower left hand of the screen. Then select "Map" or "Text" on the next page.

"TEXT" lets you search water rights via Name, Legal, Source, etc.

Enter in the information you know. Information can be entered under more than one tab. After you have completed entering your information, select "Search."

"MAP" allows you to search water rights graphically.

Use the tools on the Left side of the screen to Zoom in and out. To find out what each button does, hold the cursor over the button for a second. To the Right side of the screen are different layers that can be turned on or off. As you zoom in to your place in question, different layers will appear on the right side of the screen.

A HELP function is available within the application or you can call 1-800-451-4129 or (208)327-7906 for help.
