RE: Nick Fullmer's sand point well located at 3587 E. 665 N.

To Whom It May Concern:

I am writing this letter in regard to the sand point well located on the property at 3587 East 665 North in Menan and currently owned by Mr. Nick Fullmer.

In the late 1950's, I used to help Mr. & Mrs. Green tend to their chickens. At the time, we used to have to run through the sprinklers to get to the chicken coop. Therefore this well was used for irrigation.

Sincerely,

Ronald S. Merrill

Sharon + Larry Stuck,

Sprinkled on their property when
they lived on the Clem Green
farm just west of me.

Signed,

Esther M. Jensen

P.S. I've lived here for seventy years
