Met w/ Richard Payne, son-in-law of Mr. Henderson, who died in Aug 24, 2000. Richard said original well drilled in 1958 was pumping sand and they were having to frequently replace pump. They have since capped that well and drilled another well to replace it. Trailer court has been on T&E Water for 5 to 10 years.

The property now belongs to Richard's wife and mother-in-law. Gave Richard change of ownership form. Richard confirmed 50 trailers.

Place of use is small lawns for each trailer lot. Operator not aware of pump size.

Well log indicates second well drilled on June 8, 1973. SWL = 120'
