TO WHOM IT MAY CONCERN

I, Virgil Lindstrom, who resides at 467 North 3200 East, Lewisville, Idaho 83431, am a neighbor of Vaughn M. Hunter's. I was born in 1927 and have lived all my life at this current address. Vaughn M. Hunter, who was also born & has lived all his life in Lewisville, is my neighbor.

Throughout my life, I've observed the land mentioned in the 04N Township, 37E Range Section 2 consisting of 51 acres. Vaughn M. Hunter purchased this land across the Dry Bed River in 1953. Since I was married in 1951, I knew about the land purchase.

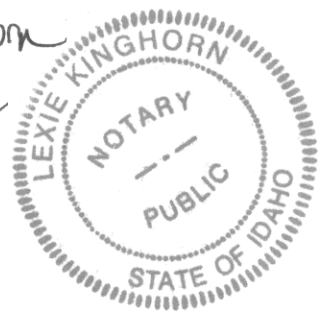

Shortly after Vaughn M. Hunter purchased this land, he started to clear and level the ground and made many improvements on his acreage. He also built ditches to irrigate the land with. On April 1, 1965, Vaughn Hunter began taking water out of Spring Creek, a tributary of the Dry Bed River, for the use or irrigating the land. This has been used continuously ever since.

Sincerely yours,

Virgil H. Lindstrom
