Regarding: Joe Tugaw stockwater claims

In reviewing these rights for recommendation it was determined that some of the springs were identified and claimed in the wrong creek drainage. This required some splitting of claims, some shuffling of PODs and POU's between claims and, in the case of springs located in the Rock Creek drainage, a renumbering of claims to basin 47. The following summary will hopefully help explain the eventual grouping of the various springs.

45-12896: Recommended after deleting four springs which were tributary to Rock Creek (see **47-16846**).

45-12897: Spring in SWSW Section 15 was tributary to Rock Creek and recommended as **47-16847**. Springs tributary to Dry creek recommended as **45-13501** and springs tributary to Cottonwood Creek recommended as **45-13502**.

45-12898: Split into **45-13499** for springs tributary to Dry Creek and **45-13500** for springs tributary to Cottonwood Creek.

45-12899: Recommended after deleting "Lost Hat Spring"* which is tributary to Rock Creek (Lost Hat Spring included in 47-16844).
*there are two Lost Hat Springs in Section 34, T13S, R19E.

45-12900: Recommended after deleting "East Line Spring" which is trib to Rock Creek. (East Line Spring included in 47-16845).

45-12901: Recommended as **47-16844** (Rock Creek Drainage)

45-12902: Recommended as **47-16845** (Rock Creek Drainage)

45-12903: Recommended as claimed

45-12904: Recommended as claimed

45-12905: Recommended as **47-16848** (Rock Creek Drainage)
