Re: Adjudication claims in Basin 21

Dear Mr. Carlson,

I received from your office a letter dated September 3, 2004 informing me that the investigation phase of this process was being focused on basin 21 where my adjudication claims were filed.

However, I am somewhat confused as to exactly what I am to be doing at this point in time. For example, in the letter received reference was made regarding a meeting to be held on September 14, 2004 at the St. Anthony court house to discuss any problems with delivery and to explain the process. At that time due to my living out of state and difficulties in attending that particular meeting I had contacted IDWR asking questions regarding the letter, speaking with an agent named Allan.

Having said that, Allan had advised it would not be necessary for me to attend the meeting held in St Anthony on September 14, 2004 and that an agent would be assigned to my claim and would be contacting me to discuss that claim. Therefore, the purpose of this letter is to confirm what was said by Allen and to seek assurances contact will be made since some time has passed since that conversation.

Thank you for your assistance in this matter. I have enclosed a returned envelope for your convenience.

Sincerely Yours,

Joyce King
