Re: A01-02061, A01-04051, A29-02262, A29-02288, A29-02306,
A29-02307, A29-02310, A29-02341, A29-02567, A29-2568,
A29-02571, A29-10044, A29-10047, A35-02302

Dear Susan and Dave:

This letter is in response to the Director's Notice of Error Report for Basin 29. It has come to our attention that the Bureau of Reclamation's claims for Falls Irrigation District as listed below and as attached were not considered, except for one-- A29-02380. However, these claims were timely filed by the Department of Justice at the same time as the rest of Reclamation's claims that have been reported out (or disallowed) without incident. Further, these claims were lodged by the District Court's deadline for Reclamation of July 7, 1989.

Thus, the Reclamation claims in issue for Falls Irrigation District are:

A01-02061	Pumping Plant	153.00 cfs
A01-04051	Recharge Storage	11,000.00 af
A29-02262	Well E	2.20 cfs

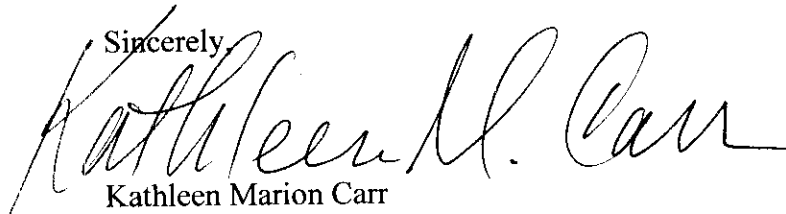

A29-02288	Well G	2.57 cfs
A29-02306	Well B	2.85 cfs
A29-02307	Well F	2.20 cfs
A29-02310	Well Q	1.25 cfs
A29-02341	Well M	2.61 cfs
[A29-02380	Wells	41.04 cfs]
A29-02567	Well C	2.45 cfs
A29-02568	Well P	3.79 cfs
A29-02571	Well H	2.23 cfs
A29-10044	Well 16	3.57 cfs
A29-10047	Ditchrider's House	0.07 cfs
A35-02302	Well K	1.56 cfs

It is my understanding that the reason for the lack of consideration for these claims is because IDWR's Eastern Office never received the paper copies of the claims from the State Office. This seems odd since, as mentioned, the Notice of Error proposes to recommend A29-02380 for irrigation purposes and it was with these missing claims.¹

Nevertheless, since the claims were timely filed we would like to request that your office correct the Notice of Error for Basin 29 and specifically that portion that deals with Falls Irrigation District and rereport the above referenced claims out (or disallow) with that basin report. Attached for your consideration are the documents that were filed with you and the SRBA Court that support the United States' meeting the July 7, 1989, filing deadline.

If you have any questions, please let Dave Gehlert, our trial attorney with the Department of Justice, or me know. Dave's phone number is 303-312-3752, and mine is 334-1911.

Sincerely,

Kathleen Marion Carr
Attorney

Attachments

cc: David W. Gehlert, Esq.

¹Please note that the Notice of Error also proposes to recommend 29-10045, 29-02614, 29-01046 but these are all domestic claims and were filed later than the above referenced claims. In addition, the Notice of Error did disallow 29-02614A, 29-10044, and 29-10047, but states that these three are recommended out with new numbers and we are unclear at this time what those numbers are and in whose name the rights will be held.

Dear Judge Hurlbutt:

Re: In re the General Adjudication of Rights
to the Use of Water from the Snake River
Basin Water System, Civ. No. 39576
(5th Jud. Dist. Twin Falls).

I am writing to memorialize my comments, transmitted by telephone to you on July 5, 1989, regarding Idaho's proposed order authorizing the Director of Water Resources to "lodge" the United States' claims on behalf of the Bureau of Reclamation, pending the resolution of the filing fees dispute.

It is the understanding of the United States that Idaho preferred to lodge the claims (rather than conditionally file them) solely in order to be able to charge variable fees to any Reclamation contractors who timely filed overlapping claims and thus would file "first" for purposes of the variable fee requirement under Idaho's rules. See Rule 5,2,2 (reproduced as Exhibit B in the Appendix to the United States' Memorandum in Support of Petition for Writ of Mandamus, at 5). The United States sees no substantive difference between "lodging" the federal claims and "conditionally filing" them, so long as the Order clearly indicates that when the claims are received by the Department, whether lodged or filed, "they shall be deemed in compliance with this Court's scheduling order." That language, in our view, insulates the United States from any possible penalties or late fees for violation of this Court's scheduling order, should it ultimately be determined that the United States is subject to the filing fee requirement.

Accordingly, the United States does not oppose entry of the Order in the form of the latest draft prepared by counsel for Idaho, a copy of which is attached.

Thank you for your consideration in this matter. If there are any questions, or if I may be of any assistance, please contact me.

Sincerely,

Peter C. Monson, Attorney

In Re the General Adjudication
of Rights to the Use of Water
from the Snake River Drainage
Basin Water System

The State of Idaho, ex rel.
R. Keith Higginson in his
official capacity as director
of the Idaho Department of
Water Resources,

ORDER

United States; State of Idaho;
and all unknown claimants to
the use of water from the
Snake River Drainage Basin
Water System,

The United States filed a Petition for a Writ of Mandate requesting this Court to compel the Director of the Idaho Department of Water Resources to receive its claims without payment of the filing fees provided for in Idaho Code § 42-1414. The Director's position is that the United States must pay the fees required by Idaho Code § 42-1414.

In accordance with the Order of this Court dated February 23, 1988, the United States' Petition for a Writ of Mandate will not come on for hearing until September 19, 1989. The United States, however, by Order of this Court, dated May 27, 1988 is required to file claims for the United States

ORDER - 1

Bureau of Reclamation (USBR) with the Director on July 7, 1989. Further, by order of the Director, certain USBR contractors were given an extension of time until August 11, 1989 to coordinate the filing of their claims with those of the USBR anticipating those USBR claims would be on file with the Director by July 7, 1989. Thus, in the absence of an Order by this Court, the claims taking process would be delayed pending the disposition of the United States' petition.

THEREFORE, IT IS HEREBY ORDERED that the Director shall accept the United States claims for lodging, but not filing, without fees in accordance with the time schedule set by the Order of this Court pending disposition of the United States petition. When the United States claims are so lodged, they shall be deemed in compliance with this Court's scheduling order. The claims lodged by the USBR shall be available for the coordination contemplated by the Director's order extending the time for the filing of certain claims by USBR contractors.

IT IS FURTHER ORDERED that the USBR contractors' claims shall be filed with IDWR on or before August 11, 1989, unless a claimant upon good cause shown is granted an extension of time by the Director.

DATED this _____ day of July, 1989.

BY OVERNIGHT MAIL

R. Keith Higginson, Director
Idaho Department of Water Resources
1301 N. Orchard
Boise, Idaho 83706

Attention: David Shaw, Chief
Adjudications Bureau

Dear Mr. Higginson:

Re: In Re the General Adjudication of Rights
to the Use of Water from the Snake River
Basin Water System, Civ.No. 39576 (5th
Judicial District, Twin Falls).

Please find enclosed for filing or lodging 158 claims of the United States for water rights on behalf of the United States Bureau of Reclamation. These claims are presented for filing in compliance with the Scheduling Order for the United States Water Right Claims, dated May 27, 1988, which requires that these claims be filed on or before July 7, 1989, and the Order dated July ___, 1989, which permits these claims to be lodged without payment of "filing fees" rather than filed, pending the final disposition of the issue as to whether the State of Idaho may require the United States to pay such fees.

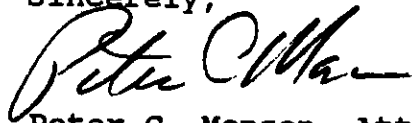

In addition to the claims forms, we have also enclosed a summary memorandum and affidavit dated June 6, 1989, listing the claims together with several maps which further identify the federal water rights. The summary memorandum, which is executed by Edward Thomas and notarized in affidavit form, is intended to apply to all of the enclosed claims forms as though each were separately signed and notarized in accordance with ¶16 of your claims forms for water rights under state law. Please note also, for the purposes of ¶17 of the claims forms and otherwise, that I remain the attorney of record for the United States Bureau of Reclamation as for all federal agencies, and that all correspondence or other notices regarding the adjudication of

these claims should be sent to me at the address listed below. In addition, we would appreciate your sending such notices to the Bureau of Reclamation, Pacific Northwest Region, and to the Boise Field Solicitor for the Department of the Interior.

By filing these claims, the United States does not waive or relinquish any claims, defenses or objections which it might have in this adjudication or otherwise. The United States reserves the right to supplement, amend, or withdraw any or all of its claims at any time for any reason. Furthermore, in filing these claims, the United States is not assuming any obligation to Reclamation contractors, whether landowners or water delivery organizations, beyond those obligations, if any, which presently exist by virtue of contracts between the United States and its contractors.

If there are any questions regarding these claims or any other matter, please do not hesitate to contact me.

Sincerely,

Peter C. Monson, Attorney
