RE: Water Right 37-07458A

Ladies and Gentlemen:

On August 8, 2002, the Idaho Department of Water Resources filed its *Director's Report for Irrigation & Other Uses, Reporting Area 16, IDWR Basin 37, Part 1, Groundwater* which contained the director's recommendation for a partial decree of water right 37-07458A. The owners of this water right, as reported by IDWR, are Shirley and David Bell. According to Mr. & Mrs. Bell, the property for this water right was sold to you "quite some time ago." However, neither the SRBA Court nor IDWR has a copy of any change of ownership.

I am enclosing a printout of the director's recommendation for this water right. Please review your records to confirm your ownership of this water right. Then, contact the Southern Regional Office of IDWR to file for a change of ownership. Because no decree has been issued, there is no charge for this filing.

However, if no change of ownership is filed by January 15, 2003, the SRBA Court will issue the partial decree for water right 37-07458A in the names of Shirley and David Bell. After the decree is issued, the charge for a change of ownership is \$25.

If you have questions about water right 37-07458A or about the SRBA, please contact the court at 736-3011 or the Southern Regional Office of IDWR at 736-3033.

Sincerely,

A handwritten signature in cursive script, appearing to read "Diana R. Delaney".
