In June of 1935 I personally observed the irrigation of the land described as the Madsen Ranch. The land being irrigated was on both sides of Willow Creek and is comprised of most of section 34 and a portion of sections 27 and 33 of T03S R43E. This land belonged to John P. Madsen and Leonard Madsen. I was harvesting hay for John at the time.

To Whom It May Concern:

I Tessie Lombard have lived in Idaho most of my life. I will be ninety-seven years old on Dec 12, 2003. When I married Ernest A. Lombard in 1939 I was introduced to the Grays Lake Valley. I have lived there during the summer since that time. Over the years my husband and I acquired a number of properties at the north end of Grays Lake. Namely the original Herman Wakeman Ranch, the Moses Wakeman Ranch and the John Madsen Ranch.

The one thing that I noted (saw) on my first visit to the valley in 1939 was how green it was and the irrigation-taking place on each of the above-mentioned properties.

I told my husband if we ever get a chance during our lifetime we should buy each of these ranches. We did just that buying from the original homesteaders heirs. I have had a good life mostly because of my love for Gray's Lake and the ranches around it. My property there is now in the hands of my children.
