

NESE

This is an aerial photograph of a landscape, likely a river valley. A prominent river flows diagonally from the upper left towards the lower right. The river is bordered by dark, possibly forested or vegetated banks. A yellow hatched area is located on the left bank of the river, near the center of the image. The surrounding land is a mix of light and dark patches, suggesting different land uses or vegetation. A large, light-colored rectangular area is visible in the lower right quadrant. The image is overlaid with a grid of thin yellow lines. Two circular punch holes are visible at the top edge. Several small blue squares are scattered across the image, possibly indicating specific points of interest or survey locations.
