3. Right No. 36-15152:

This water right may be recommended as included in the *Special Master's Report and Recommendation* with the understanding that a transfer of place of use is now pending with the Idaho Department of Water Resources. Upon completion of the transfer, the place of use will be changed by the Idaho Department of Water Resources to reflect the new place of use.

4. It is further understood that the *Special Master's Report and Recommendation* dated January 10, 2003 was intended to include subordination language on each subcase. Without waiving any defense or right to further request that the Special Master alter or amend the *Report and Recommendation* dated January 10, 2003, remove the subordination language, or further challenge the validity of the subordination language, the parties mutually agree that the *Special Master's Report and Recommendation* dated January
