RE: Motion to Alter or Amend Subcases 36-10090,
36-10863A, 36-15264A and 36-15264B

Dear Special Master Dolan:

Reference is made to your letter dated February 27, 2003. You are correct that Jason Walker filed a Motion to Alter or Amend in twelve subcases, including 36-10090, 36-10863A, 36-15264A and 36-15264B. I would also agree that Mr. Walker's motion only seeks to alter or amend the following three subcases: 36-10090, 36-14807 and 36-15152.

Each of the claimants in the four subcases that I now represent wish to have the subordination language dealing with enlargement claims removed from the Special Master's Report and Recommendation. Therefore, I filed a Motion to Alter or Amend in each of their subcases specifically dealing with the subordination issue.

Based upon all of the pleadings in the four subcases, I intend to achieve the following goals at the upcoming hearing on January 27, 2003.

1. In subcase 36-10090 (Margaret & Sam Large), I will argue that the Special Master's Report and Recommendation should be altered to change the quantity recommended pursuant to the Motion to Alter or Amend filed by Mr. Walker.

2. An order should be entered combining all twelve of the subcases listed in Mr. Walker's Motion to Alter or Amend setting them for a separate hearing in the future to address the issue of the subordination language. After discussing this issue with Mr. Walker I believe this was his intention in requesting an order staying action.

3. The claimants that I represent in the four subcases described above will have their objection to the subordination language in the Special Master's Report and Recommendation preserved pursuant to the Motions to Alter or Amend filed by myself on February 27, 2003.

I am currently investigating the history of subcase no. 36-10863B.

I appreciate the time and attention you have given to these matters. Please contact me if you have any further questions or comments.

Sincerely,

PARSONS, SMITH & STONE, LLP
