Additional Request for Notice as to Subcase 55-07410**

Dear Ms. Brown:

This letter will follow up on my previous letter to you of April 26, 2002, which identified six subcases for which LU Ranching Co requests notice of filing claims, an opportunity to submit written evidence and argument in opposition the claims, and notice of filing and copies of the director's report. In addition to the six previously identified subcases, it has come to my attention that there is a seventh, subcase 55-07410, for which we hereby request that same notice and opportunity.

Thank you for your assistance and cooperation.

Very truly yours,

Anthony L. François, Esq.
