25-2169, 25-2170

Talked with Jack Lance re: above claims. He said that they switched from a 40 HP to a 100 HP pump when they expanded the system in order to irrigate $5\frac{1}{2}$ of SW $\frac{1}{4}$ of sec 35, 5N 37E (Roxine Stone enlargement claim 25-10900). Well depth is 105' and static water level is about 4'. Affidavit in 25-10900 says that enlargement took place in 1985.

He will call me back to let me know if he wants Stone's claim to be recommended as an enlargement, which would put a portion of his water on her land. Stone and Lance would have to be shown as WR owners on all 3 claims.

4/13/2004 Stone intends to sell this ground to Lance this month. Contact Lance in May to do change of ownership and amend claims to 6/ac. Permissible POU w/ 25-2169 + 25-2170

Met with Roxine Stone at her office. She said she's paying taxes on 60.9 acres and wants to amend her claim to 61 if justified by shape.

This appears to be an enlargement of 25-2170 rather than 25-2169.
