1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

I disagree with the reduction in the CFS of water from the original amount that was decreed to the land by court ruling in 1890. Moreover, I am not willing to accept a reduction in the amount of CFS of water to which I am legally entitled.

2. Describe the changes you wish to make in the proposed recommendation:

In our opinion the amount of water should be restored to the amount that was decreed by the court in 1890. My share of the William Eames decree is 2.16 CFS and the Water Resource Department has reduced it to 1.53 CFS.

3. Give a brief explanation as to why you disagree with these portions:

The decision made by the court in 1890 should not be overturned by anything except another court ruling. We contend that the original decision should be upheld.

_____**I AGREE with this proposed recommendation: no changes need to be made.**
