CLAIM AMENDED PER APPROVED TRANSFER # 5592.

TWO (WELLS) POINTS OF DIVERSION LOCATED IN T14S, R22E, S9, SENWSE.

Place of use within service area of the City of Oakley, Idaho.

The combined rate of diversion from the well and the springs shall not exceed a total of 1.56 cfs of water with as much water as available being first diverted from the springs. The priority date for any portion of the claimed rights in which groundwater is diverted shall be advanced to January 23, 1991.

Approval of Transfer 5592 does not confirm Claimed Rights 45-10802, 45-10803 and 45-10804.

Approval of Transfer 5592 does not grant any right-of-way or easement for use of a delivery system owned by person(s) other than the right owner.

Irrigation of large projects such as parks, golf courses, or sports activities fields is not authorized under this right.

Use of water under this approval shall comply with applicable water quality standards of the Division of Environmental Quality of the Idaho Department of Health and Welfare.

The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

Approval of this transfer does not preclude the opportunity for review of the validity of the water right(s) in the ongoing Snake River Basin Adjudication.

Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.

Gentlemen:

Our records show you have filed your adjudication claim(s) in the Snake River Basin Adjudication. Our records do not, however, include a clear map of your service area. Would it be possible for us to get a map of your customer service area for your municipal water system, both to supplement the record of your claim(s) and for use as described below?

In our review and investigation phase of the Snake River Basin Adjudication, the map would be helpful for us to have this information in verifying individual claims to water rights for domestic purposes. We will be happy to discuss with you the most convenient way for you to provide this information to us. I can be reached at 327-7931 or you may contact my assistant, Anita Warntjes at 327-7986.

Your assistance in this matter is greatly appreciated.

Sincerely,

DAVID B. SHAW

APPLICATION FOR TRANSFER OF WATER RIGHT

PART 1

JUN 10 1991

RIGHT APPROVED

Name of applicant City of Oakley Department of Water Resources 826-3313/862-9225
Post Office address Attn: David Babbitt, P.O. Box 266, Oakley, ID, 83346

A. PURPOSE OF TRANSFER

1. ☐ Change point of diversion ☐ Add diversion point(s) ☐ Change place of use
☐ Change nature of use ☐ Change period of use ☒ Other Add point of diversion from groundwater to spring water claims
2. Describe the reason for the proposed changes _____

The springs which supply water to the City of Oakley have significantly decreased in flow due to drought conditions of recent years. It is the intent of this transfer to allow the drilling of a new well to replenish the historically enjoyed flow rate from the springs.

B. DESCRIPTION OF RIGHT(S) OR PORTION THEREOF, AFTER THE REQUESTED CHANGE

1. Right Number	Priority	Amount (cfs/ea-ft)	Nature of Use	Period of Use

PART 1

6. General Information:

- a. Description of diversion system Existing pipeline network connected to numerous springs and one well (A45-04184A) delivers water to City of Oakley and some houses & stock outside city limits. Approval of this transfer would allow the addition of another well without an increase in the
- b. Are the lands from which you propose to transfer the water right subject to any liens, deeds of trust, mortgages, or contracts? N/A Yes _____ No. If yes, provide a notarized statement from the holder of the lien, deed of trust, mortgage or contract agreeing to the proposed changes.
- c. Describe the affect on the land now irrigated if the place of use is changed pursuant to this transfer:
N/A
- d. Remarks:
Proposed well is between 700' to 2200' in elevation below the springs supplying water to these rights. The well would be drilled into the same aquifer basin in which the springs are located.

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

CONDITIONS OF APPROVAL

Transfer of Water Right Nos. A45-10802/10803/10804

on

Statutory Claim No. 45-4184

Transfer No. 3819

1. This transfer allows an alternative source of supply to replace water usually available to the city from springs which have been affected by a series of low runoff years. No additional use development is authorized by this transfer and the combined rate of diversion from the well and springs shall not exceed a total of 1.56 cfs of water with as much water as available being first diverted from the springs.
2. The priority date for any portion of the claimed rights in which groundwater is diverted from the new well shall be advanced to January 23, 1991. Any portion of the claimed rights filled by diversion of water from the springs shall retain the original claimed dates or the priority dates affixed by the court in the Snake River Basin Adjudication.
3. The Director of IDWR retains jurisdiction of the claimed rights to require reconstruction of the well or other action needed to protect other groundwater rights.
4. The City of Oakley shall comply with the drilling permit requirements of Section 42-235, Idaho Code.
5. A measuring device of a type approved by this Department shall be maintained as a part of the diverting works.
6. Approval of this transfer in no way confirms the right(s) claimed.
7. The change authorized by this transfer shall be accomplished within (1) year of the date of this approval.
8. Failure to comply with the conditions of this transfer is cause for the director to issue an order to show cause why the approval of the transfer should not be rescinded.
9. Approval of this transfer does not preclude the opportunity for review of the validity of the water right(s) in the ongoing Snake River Basin Adjudication.

RE: Evidence of Priority

RESPONSE DEADLINE

APRIL 1, 1993

Dear Claimant:

The Notice of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will at a later date conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided supporting the priority date you have claimed.

Please find enclosed a computer printout of your Notice and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

SPECIAL NOTE: The Department will not recommend the Notice be decreed by the court as claimed if no evidence of a priority date is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement must be in the form of a notarized affidavit.

Please submit the required evidence supporting the priority date by April 1, 1993, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

Gentlemen:

Our records show you have filed your adjudication claim(s) in the Snake River Basin Adjudication. Our records do not, however, include a clear map of your service area. Would it be possible for us to get a map of your customer service area for your municipal water system, both to supplement the record of your claim(s) and for use as described below?

In our review and investigation phase of the Snake River Basin Adjudication, the map would be helpful for us to have this information in verifying individual claims to water rights for domestic purposes. We will be happy to discuss with you the most convenient way for you to provide this information to us. I can be reached at 327-7931 or you may contact my assistant, Anita Warntjes at 327-7986.

Your assistance in this matter is greatly appreciated.

Sincerely,

RE:

I n the beginning of the interview with the City's representative David A. Babbitt it was indicated that a license # 45-04184 needed to be split to reflect four different delivery systems and places of use. Therefore the splits A45-04184A, A45-04184B, A45-04184C & A45-04184D were created. During the latter portion of the interview, additional points of diversion (springs) were discussed and evidenced by an agreement with the Pickett Ranch and Sheep Co. The springs in use were clearly not claimed in the original license but had been put to beneficial use by the City and general population for domestic purposes in the 1920's. Therefore these sources and quantities of water appropriate have are now claimed under Beneficial Use.

Results: The WR No. A45-04184B, A45-04184C and A45-04184D have been changed to A45-10802, A45-10803 and A45-10804 respectively.

Furthermore, A45-04184A has been amended to reflect the new Adjudication Claim Number in "Other Rights".

Like-wise Receipt # M003691 has been changed to reflect these numbers.

45-4184A & 45-2659

Dear Ted,

Enclosed please find copies of my Preliminary Recommendations for the following rights in the name of City of Oakley. Please review these proposed recommendations and let me know of any concerns or corrections you may have.

Recommendations for claims 45-10802, 45-10803 & 45-10804 are based upon Transfer No. 5592, approved by IDWR June 29, 2000. A copy of the transfer is included for your convenience.

45-2323B, a ground water right purchased by the City of Oakley from North Oakley Water Company in 1999, requires a transfer pursuant to IC 42-222 to change the place of use from the service area of the *North Oakley Water Company* to the *City of Oakley*.

I received your Notice of Appearance but have not yet received a signed Notice of Claim for 45-2659 based upon a license, which we determined would replace 45-4184A based upon a statutory claim. If you have questions regarding the elements as they appear on the claim, or require another copy of the Notice of Claim, please let me know. I appreciate your attention to this matter.

He met first with Allen Merritt and myself where we discussed the physical operation of the City system, the North Oakley system, and the Marrian system. After much discussion it appears that the most viable option would be for the three organizations to merge into one entity and then file a transfer creating a ppu of the three systems. This would appear to give them the best option for system flexibility. He is going to pursue this option before filing any transfers to add the 40 acre tracts that have been identified as currently part of the system but not part of any claims.

We then moved to my office where I generated amended claims to delete 3 40 acres tracts for stockwater from 14s 22e sec 9.

All 4 claims were amended.

Nick Spencer stopped by and we discussed the system again and Nick offered a legal perspective concerning the City rights.

We anticipate meeting again this fall to further discuss the rights after he has an opportunity to meet with the principals of the three organizations.

SUBJECT: Response to letter from City of Oakley and discussions regarding future plans.

On 10/17/94 we received the attached letter. On 10/18/94 I phoned Mr. Babbitt and we discussed what his letter was all about. Apparently the City of Oakley for health reasons is being required to modify the spring boxes which divert water into their pipeline network. I believe for economic reasons they are proposing only to treat two of the spring diversions and propose to continue diverting water from the upstream springs yet before the pipeline reaches the lower two springs they propose the discharge the pipeline on to the ground where it will sink and thru natural filtration be cleaned and then they will pick this same water up in the lower springs.

Mr. Babbitt indicated that the pipeline was operated in this manner in 1988 when the upper springs were contaminated. Mr. Babbitt faxed a copy of a quad showing the location of the springs and also I noted on this map where the pipe will be cut and where the lower springs are located. Mr. Babbitt indicated that the map locations for the springs were determined using a GPS.

In response to the city's letter I wrote my 10/18/94 letter which i mailed & faxed 10/19/94.

RE: City of Oakley Water Rights
A45-10802, A45-10803, A45-10804 & A45-04184A

Dear Mr. Babbitt:

In response to your October 12, 1994 letter and our subsequent phone conversations this day I offer the following comments regarding the City of Oakley's water rights and proposal.

Our records indicate that you have filed four (4) claims in the Snake River Basin Adjudication (SRBA) which have been numbered as referenced above. These claims are subject to review of the validity of these uses in the ongoing SRBA. Additionally our records indicate that three of these rights (the 10000 series numbers) were included on approved transfer 3819 which allowed for the addition of a well to these water rights which were originally developed from numerous springs diverted south of the city. The approved transfer did not increase the historical diversion rate to the city nor did it provide for the addition of new uses but it did allow the city the flexibility of providing the historically used water from a well instead of the old springs. One note worth mentioning is that the amount diverted from the new well has a priority date of January 23, 1991 instead of the historical priority date. (Please review the conditions of approval of transfer 3819)

As you know the City of Oakley is located in the Oakley-Kenyon Critical Groundwater Area initially established January 19, 1962. As such the department cannot issue new water right permits for development of additional consumptive use water rights from groundwater in this area. Additionally the City of Oakley is also within the Eastern Snake River Plain Moratorium Area initially established May 15, 1992. As such the department cannot process new water right permits for development of additional consumptive use water rights from surface waters within this area until the moratorium is lifted. The department will; however, consider applications for transfer of existing rights pursuant to § 42-222 of the Idaho Code for both groundwater and surface water rights in this area or may consider applications for permit or applications for transfer consistent with § 42-105 or § 42-4201A of the Idaho

Letter to City of Oakley

Code.

In review of your proposal to change the way you divert and use the springs it appears to me that you need to file with the department an application for either a transfer or permit which is consistent with the previously described statutes of the Idaho Code. Since I cannot give you legal advice I leave this up to you and your attorney as to which process would be best to initiate. To do nothing and merely make the change I believe puts your water rights in jeopardy.

If the city requires more water for their existing and future uses it appears the only alternative is to purchase an existing water right from someone and modify the right pursuant to § 42-222 of the Idaho Code to suit the city's needs.

To specifically address your question about abandonment or sale of your water right consider the following. If the right is abandoned the water is left in the natural source and goes to fill the next right in priority. If you sell your water right (I don't know why you would do this) it would then belong to someone else for them to either use as recorded, be modified pursuant to § 42-222 or to be lost by them through forfeiture or abandonment.

I hope this letter addresses your concerns. If you need further explanation please feel free to contact our office.

Sincerely

Allen Merritt

Dear Mr. Holmes,

The City of Oakley needs to insure their water rights and alter the present method of collection to be in compliance with the Surface Treatment Ruling of the Clean Drinking Water Act. We have been working with EHM Engineers and the DES to come to a solution to our dilemma. The Surface Treatment Water Ruling affects many of the springs we are currently using. Over the last few years we have been doing some testing on the springs and their relationships with each other. Our findings on the testing over the last two years show the springs in Range 22 E, Township 14 S, Section 33 to be under less influence from surface water than the remaining springs in our water rights.

We have a well as an additional point of diversion to each of our spring water rights. The springs are directly related to each other, and the number of springs and the total volume of water coming off the total water right are indirectly related to each other. Because the water from the lower springs and water from the wells are the same water as the springs higher on the mountain, the majority of the water comes from the two springs in section 33. We want the balance of the spring water to percolate back into the aquifer on the hill above the two springs located in section 33.

Idaho code 42-105 allows the use of natural channels to convey water. We need to do the paper work that will allow the surface influenced springs to use the natural channel of the aquifer to convey the water to the lower points of diversion.

Currently the City of Oakley's water rights are tied together between the springs and the well. We may have already established the conveyance path and no further paper work needs to be done. However, we do not want any party or organization to assume we have abandoned the spring or springs by allowing them to percolate into the aquifer and be conveyed to other points of diversion.

We are going to be applying for a Community development Block Grant through the Department of Commerce to help pay for the changes necessary to comply with the regulations. Please let us know what steps, if any, are needed to make sure the water that is percolated back into the ground is protected under our current water rights. Following are a few additional questions we would like to have answered in a letter. I know we have discussed them in person, but would you please answer them in writing.

What would happen to our water rights if we abandon our water, or sold it?

Would obtaining another well permit and water right be a possibility here in Oakley? Would drilling another well be a better option as far as the water rights are concerned?

Would you make recommendations and help us find the solution to our problem as described on the first page of this letter?

We need a response to this letter by the October 21, 1994, in order to have time to finish our application. Thank you very much for your time and consideration in this matter.

Sincerely,

David N. Babbitt

STATE OF IDAHO)

County of Cassia)

David N. Babbitt, being first duly sworn on oath,
deposes and states:

I have talked to individuals who have worked on the water system as it was being installed for the City of Oakley. I have also seen evidence of the work performed by the Work Project Act (WPA) in the 1930's and early 1940's for the City of Oakley. The City of Oakley and the Village of Oakley are the same municipality, the name being changed in 1968.

The WPA improved the springs the City of Oakley purchased. This water was used for beneficial use by the previous owners. This water was put to beneficial use in the late 1800's and the early 1900's, as the valley was first settled. The Village enclosed the springs and piped the water into Oakley for the municipality. The water has been used by the city since that time.

The Lite-Air Water Company, composed of a few individuals, piped the warm springs water into Oakley with the intentions of making a hot pool in the third block on N. Blaine St. The water was ice cold when the water finally reached Oakley, so the pool was abandoned. The same few individuals decided they would plumb this water into their homes. Others bought into this wonderful idea. The Light Air Water Company became known or was purchased by the Warm Springs Water Company. Until this time everyone had their own backyard well from a purged water table. Some of these wells went dry on dryer years.

Water was not sampled during this period of time. The Warm Springs water was extremely high in fluoride, causing most of the people who drank the water to have discolored teeth. (this was similar to nicotine stains) The Warm Springs Water Company was purchased by the Village of Oakley on the 15th of May 1925 #77153 in the county records. The Village council realized the warm springs water would be insufficient to supply the needs of the whole village. The Village purchased the water from Columbus M. Carpenter on the 13 of November 1925. This is recorded in the county records #180059 or #80059. These springs were piped into the system. Included in the papers is an affidavit making the purchase date of November 22, 1909 when the springs were deeded. Beneficial use was previous to that point. Also included is a copy of decree #78608 giving Columbus M. Carpenter full ownership of this water. This group of springs is known by Department of Water Resources as file number A45-10802.

As the springs were developed in Section 33, Township 14 S. Range 22 E., the Springs in Section 28 dried up. The springs in Section 3, T 14 S., R 22 E. were developed adding some more water to the three lower Carpenter Springs. The two upper springs are close enough together that they are normally referred to as one spring. The middle one has flowed very little water after the springs have been developed in section 3.

The rest of the water filings for the Village of Oakley come from the springs that used to make the Wild Cat and the Choke Cherry Creek. These two groupings of springs were combined in ownership because William Severe bought this water from Leonora Severe and H. H. Severe November 27 1925. Record #78966 in county records.

Before the water was sold to the Village of Oakley on the 17th of March 1941. #139969 of the county records, William Severe was issued a decree on the water rights on the 13th of February 1941. This is #137904 in the county records. These water rights are #A45-10803 and #A45-10804 with the Department of Water Resources for the City of Oakley.

The last filing for the City of Oakley with the Department of Water Resources # A45-10804 was challenged in court in 1938 on the 11th of July. A Decree #129737 was given to the Village of Oakley for the full water right with a priority date of 1 April 1895.

The WPA helped to install these springs in the 1940's. As the Village was installing the pipes, the water rights were challenged in court. And a judgement and a decree was made in favor of the Village of Oakley giving all water rights to the Village.

Each of the canyons, where the springs are, had old homesteads at the base of the mountain. All of the springs were put to beneficial use between 1980 and 1990. All original owners have sold their water rights to the Village of Oakley.

Some of the springs that come to the surface on the mountain, in the City of Oakley's water fillings, are surface impacted and are not suitable to drink. Consequently, the water is left to percolate back into the ground. The water is a contributory to another spring lower on the mountain where the water comes to a point of diversion after the water has been cleaned being purified through the gravel.

The WPA developed all the springs of significant quantity in Section 33, T 14 S., R 22 EBM., and sections 3, 10, 14, and 15. Township 15 S., Range 22 EBM. Other springs that were dependant on these springs dried up. As the number of springs were eventually increased in the system, the total volume of the water did not improve in time on the macro level. The springs are in a direct relationship to each other, one spring feeds the next spring in succession on the mountain.

The number of springs and the amount of water produced have an indirect relationship with each other. The upper springs will feed the springs lower on the mountain. Eg. If the springs higher on the hill are developed and put into a pipe, the lower springs, being feed by them, will reduce in volume in relationship to the amount of water the upper springs use to feed to them. The lower springs will also increase in volume if the upper springs are again allowed to return to the surface of the ground and allowed to percolate.

I started working for the City of Oakley in 1980. We have just been through the worst drought and the wettest years on record. I have witnessed what the people have told me who installed the original pipes.

Over the years on the mountain, everyone except Pickett Ranch and Sheep Company has acknowledged the city's right to the water. Each has been sent a bill and everyone has paid the bills as the bills have come due. Pickett Ranch and Sheep Company claims mutual ownership in some of the city's springs. These claims are recorded.

The Village councils of the past had a gentleman's agreement with Picketts not to bill them for the water. The agreement was worked in an agreement in 1982 and filed with in the court house. This could be a debatable issue because Severes deeded to Picketts "any water that did not flow into the pipeline of the Oakley Canal Company." This I believe should have read "of the Village of Oakley", since the city not the canal company had a pipe line. For this reason along with others mentioned in the agreement, the Village Fathers for many years have felt that to have an agreement where both win is much better than to have a battle. The agreement, which is also included, has worked out well for both parties.

DATED this 26 day of February 1993.

between Lawrence G. Dunn

County Treasurer and Ex-Officio Tax

Collector of Cassia

County, State of Idaho (hereinafter generally referred to as "Tax Collector"), the party

of the first part, and Cassia

County, State of Idaho, the party of the second part.

WITNESSETH, WHEREAS, The County Treasurer and Ex-Officio Tax Collector of said County, pursuant to law did on or before the first Monday of January, 1925, carry over and enter delinquent taxes and penalties thereon, in the proper columns provided therefor in the real property assessment roll, against the property hereinafter described, which property was entered on the assessment roll and upon which taxes had not been paid; which delinquency entry, under the provisions of Section 3211 of the Compiled Statutes of Idaho operated as a lien upon said property to said tax collector as trustee in trust for the county.

WHEREAS, as shown by said delinquency entry, said property was duly and regularly assessed in the name of CHAS. L. Bates

for taxes levied for the year 1920, which taxes were and are a lien upon said property and were and are now unpaid and delinquent.

WHEREAS, the amount of the said delinquent taxes, being the taxes of all taxing units for said year which the said County is authorized to collect upon said property, together with penalties and interest, is the sum of \$36.03 DOLLARS.

WHEREAS, the said delinquency entry stated all matters and things required by law to be stated therein.

WHEREAS, the said property was subject to taxes for the said year and was assessed and omitted, as required by law; the taxes as levied on said property were levied and the penalties added according to law; the taxes on any personal property included in said delinquency entry were payable by the owner of the real estate in said delinquency entry and hereinafter described; the said taxes were returned upon the real property assessment roll at the proper time and place and by the proper officer; the delinquency entry was made as prescribed by law, and said taxes have not been paid and the property has not been redeemed therefrom.

WHEREAS, the Tax Collector did hereunto, at the time prescribed by law, have a notice, partly written and partly printed, stating when the delinquency entry was made, in what name the property was assessed, the description of the said property, for what year (years) and amount, and that the time of redemption therefrom could expire on the 5th day of JANUARY, A. D. 1925, and did serve the same on the person in actual possession and occupancy of such property and also the person in whose name the same stands upon the records in the Recorder's office of said County, by personal service, where such person could be found in the State, and where said person or any of them could not be found, by posting a true copy of said notice upon said land, by publication as required by law, and by mailing to the record owner of said property as required by law to the said Tax Collector did, at the same time, send a similar notice by registered mail to the following named mortgagees or other holders of recorded liens against said property who had previously filed in his office a written request for such notice, to-wit:

WHEREAS, the said Tax Collector has made an affidavit of service of said notice, as required by law, which was delivered to the County Auditor of Cassia in Cassia, Idaho, and by such officer entered on the records of his office.

WHEREAS, said property has never been redeemed and the time for redemption has expired;

NOW, THEREFORE, the Tax Collector pursuant to law and in consideration of the premises and of the sum of \$36.03

Dollars to him paid, the receipt whereof is hereby acknowledged, has granted, bargained, sold, conveyed and confirmed, and by these presents does grant, bargain, sell, convey and confirm unto the said County of Cassia, State of Idaho, and to its successors and assigns forever, all and singular, the following described property situated in said County, State of Idaho, to-wit:

Critchfield, his wife, the Utah-Idaho Live Stock Loan Company, a corporation, and all unknown owners and or unknown claimants in and to the parts, pieces or parcels of land and waters and the right to the use of those certain waters all located in the County of Cassia, State of Idaho, and particularly described, as follows:

Findings of Fact and Conclusions of Law.

The Southwest quarter (SW $\frac{1}{4}$); the Southwest quarter of the Southeast quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$); and the Southwest quarter of the Northwest quarter (SW $\frac{1}{4}$ NW $\frac{1}{4}$) of Section Twenty-eight (28).

Township Fourteen (14) South, Range Twenty-two (22) East, Boise Meridian, together with any and all water and water rights, thereto belonging or in anywise appertaining, and also all of the flow of the waters of those the certain springs of water located in the East half (E) of Section Twenty-three (23), Township Fourteen (14) South, Range Twenty-two (22) East, Boise Meridian, which said springs are known as Berg Springs or Carpenter Springs, together with all easements, licenses, privileges, canals, flumes, ditches and rights-of-way in connection therewith or appertenant thereto and or used in the exercise of said water rights in their application to beneficial use, and also all of the flow of the waters of that certain spring of water located in the East half (E) of Section Twenty-four (24), Township Fifteen (15) South, Range Twenty-two (22) East, Boise Meridian, commonly known as Cove Spring or Jates Spring, together with all easements, licenses, privileges, canals, flumes, ditches, and rights-of-way used in connection therewith or appertenant thereto and used in the exercise of said water rights in their application to beneficial use, together with all and singular the tenements, her appurtenances

This cause having come on regularly to be heard on the 27th day of October, 1925, at Chambers, in Burley, County of Cassia, State of Idaho, before Honorable T. Bailey Lee, Judge of the above entitled Court, with J.L. Dunn, appearing as counsel for plaintiff and no one appearing for any of the defendants, and it appearing to the Court that due and legal service of summons had been had by publication as required by law on all of the above named defendants, excepting the defendants having appeared herein by disclaimer duly filed, and disclaiming any interest in or to the real property described in plaintiff's complaint, and said defendants appearing by disclaimer as aforesaid, having refused to answer further and having filed their consent herein that default be entered against them for the want of an answer, and all of the above named defendants being in default, upon motion of J.L. Dunn, the default of all said defendants was duly entered herein.

THEREUPON, witnesses being duly sworn and documentary evidence offered in support of plaintiff's complaint, from which evidence so adduced, the Court now makes its findings of fact as follows, to-wit:

as Berg or Carpenter Springs, together with all easements, licenses, privileges, canals, flumes, ditches and rights-of-way in connection therewith or appertenant thereto and used in the exercise of said water rights in their application to beneficial use, and also all of the flow of the waters of that certain spring, located in the East half (E) of Section Three (3), Township Fifteen (15) South, Range Twenty-two (22) East, Boise Meridian, commonly known as Cove or Jates Spring, together with all easements, licenses, privileges, canals, flumes, ditches, and rights-of-way used in connection therewith or appertenant thereto and used in the exercise of said water rights in their application to beneficial use, together with all and singular the tenements, hereditaments above described, excepting only therefrom, the following described parcel of said lands, to-wit: A part of the Southwest quarter of the Northwest quarter (SW¹/₄ NW¹/₄) of said Section Twenty-eight (28), in said township and range, described, as follows: Being a strip of land Twenty-five (25) feet wide on each side of and parallel to the center line of Birch Creek Feeder of the Twin Falls-Caldwell Land and Water Company, of the said SW¹/₄ NW¹/₄ of said Section 28, and running North eighty-four (84) degrees, fifteen minutes East, 608 feet to the East line of said SW¹/₄ NW¹/₄ of said Section 28 and containing one and seventy-six hundredths (1.76) acres of land more or less.

11.

That plaintiff's said ownership of and in and to said lands above described is in fee simple and by himself and his immediate grantors has been continuous and uninterrupted for more than twenty-one (21) years last past.

111.

That plaintiff's said ownership of said lands in fee simple and plaintiff's actual personal possession of said lands above described and by himself only and solely has been for a period of more than fifteen (15) years last past, and which possession has been actual, open and notorious and against all of the said defendants and against all the world, excepting the portion thereof described, in paragraph VI hereinafter.

Township Fourteen (14) South, Range Twenty-two (22) East, Boise Meridian, together with any and all water and water rights, thereunto belonging or in anywise appertaining, and also all of the flow of the waters of those two certain springs of water located in the East half (E) of Section Thirty-three (33), Township Fourteen (14) South, Range Twenty-two (22) East, Boise Meridian, which said springs are commonly known as Berg Springs or Carpenter Springs, together with all easements, licenses, privileges, canals, flumes, ditches and rights-of-way in connection therewith or appurtenant thereto and or used in the exercise of said water rights in their application to beneficial use, and also all of the flow of the waters of that certain spring of water located in the East half (E) of Section Three (3), Township Fifteen (15) South, Range Twenty-two (22) East, Boise Meridian, commonly known as Cove Spring or Bates Spring, together with all easements, licenses, privileges, canals, flumes, ditches, and rights-of-way used in connection therewith or appurtenant thereto and used in the exercise of said water rights in their application to beneficial use, together with all and singular the tenements, hereditaments and appurtenances to said lands and water rights belonging or in anywise appertaining, always, however, excepting from said lands a strip of land commencing 701 feet North of said Southwest quarter of the Northwest quarter (SW1/4) of said Section Twenty-eight (28) and being Twenty-five (25) feet wide on each side of the center line of the Birch Creek Feeder of the Oakley Canal and Water Company, system constructed by the Twin Falls-Oakley Land and Water Company, and containing 1.76 acres of land more or less.

Defendants.

1.

That plaintiff, is now the owner of and in the possession of the following described real property, consisting of lands and water and water rights, situate in the County of Cassia, State of Idaho, to-wit:

The Southwest quarter (SW1/4), the Northwest quarter of the Southeast quarter (SE1/4) and the Southwest quarter of the Northwest quarter (SW1/4) of Section Twenty-eight (28) Township Fourteen (14) South, Range Twenty-two (22) East, Boise Meridian, together with any and all water and water rights thereunto belonging or in anywise appertaining, and also all of the water of those two (2) certain Springs of water, located in the East half (E) of Section Thirty-three (33), Township Fourteen (14) South, Range Twenty-two (22) East, Boise Meridian, which said springs are commonly known as Berg or Carpenter Springs, together with all easements, licenses, privileges, canals, flumes, ditches and rights-of-way in connection therewith or appurtenant thereto and used in the exercise of said water rights in their application to beneficial use, and also all the flow of the waters of that certain spring, located in the East half (E) of Section Three (3), Township Fifteen (15) South, Range Twenty-two (22) East, Boise Meridian, commonly known as Cove or Bates Spring, together with all easements, licenses, privileges, canals, flumes, ditches, and rights-of-way used in connection therewith or appurtenant thereto and used in the exercise of said water rights in their application to beneficial use, Together with all and singular the tenements, hereditaments and appurtenances belonging to said lands and water rights above described, excepting only therefrom, the following described parcel of said lands, to-wit: A part of the Southwest quarter of the Northwest quarter (SW1/4) of said Section Twenty-eight (28) in said township and range, described, as follows: Being a strip of land Twenty-five (25) feet wide on each side of and parallel to the center line of Birch Creek Feeder of the Twin Falls-Oakley Land and Water Company, Irrigation system, which commences at a point 701 feet North of the said SW1/4 of said Section 28 and running North eighty-four (84) degrees, fifteen minutes East, 608 feet to the East line of said SW1/4 of said Section 28 and containing one and seventy-six hundredths (1.76) acres of land more or less.

11.

That plaintiff's said ownership of and in and to said lands above described is in fee simple and by himself and his immediate grantors has been continuous and uninterrupted for more than twenty-one (21) years last past.

111.

That plaintiffs said ownership of said lands in fee simple and plaintiff's actual personal possession of said lands above described and by himself only and solely has been for a period of more than fifteen (15) years last past, and which possession has been actual open and notorious and against all of the said defendants and against all the world, excepting the portion thereof described, in paragraph VI hereinafter.

IV.

That said Berg or Carpenter Springs having their location, rise and source as aforesaid flow approximately _____ miners inches of water and said Cove or Bates Spring having its location, rise and source as aforesaid flows approximately _____ miners inches of water.

V.

That plaintiff through his immediate grantors and predecessors in interest, has acquired by location, appropriation, prescription, continuous diversion, and continuous application to beneficial use, and by each and every and all of said methods the right to divert from said springs and each and all of said springs and from the source and rise of said springs all of the natural flow of the waters thereof, the flood waters thereof, the winter flow of the waters thereof and the waste thereof for use for irrigation, culinary and domestic purposes and other beneficial uses for a period of more than twenty-one (21) years last past, and plaintiffs personal possession and application to a beneficial use of the said flow of the waters of said springs above described for use for irrigation, culinary and domestic purposes and other beneficial uses in its entirety has been continuous and uninterrupted for a period of more than fifteen (15) years last past.

VI.

That plaintiffs said ownership of said lands described as the South half of the Southwest quarter (SW1/4), the Southeast quarter of the Southwest quarter (SE1/4) and the Southwest quarter of the Southeast quarter (SW1/4) of Section Twenty-eight (28), Township Fourteen (14), South, Range Twenty-two (22) East, Boise Meridian was acquired under the public land laws of the United States, U.S. Patent therefor having issued to plaintiff on the 19th day of April, 1916, and as aforesaid plaintiff has been in the actual possession thereof since long prior to said date and his possession and ownership has continued since said time.

VII.

That plaintiff has paid all taxes assessed on and levied against the said real property described in paragraph 1 of this Complaint, both ordinary and extra ordinary taxes and there are now no unpaid or delinquent taxes standing against the same.

VIII.

That John Anderson, named as one of the defendants herein is deceased, and was at the commencement of this action, and he was not an heir of Emanuel Berg, deceased. That Leonard Harper, one of the defendants above named, who appears herein by disclaimer, is an unmarried man and was such at the commencement of this action, and Althara Harper, named as a Defendant in this action is not an heir of Emanuel Berg, deceased.

IX.

That the claim, or claims of the said defendant, and, or any or all of them, in and to the lands and waters above described or any part, or all thereof, are inferior in right and junior in time to plaintiff's ownership, appropriations, estate and interest therein; and no one of said defendants, or any of them has any estate, right, title or interest whatsoever in and to the above described lands, or any part of parcel thereof, or appurtenances, or the waters of said Springs above described, or right to the use to the flow of the waters of said Springs, or any part thereof, or the appurtenances to the flow of said Springs either easements, licenses, privileges, canals, flumes, ditches or rights-of-way used in connection with or appurtenant to the use of the flow of the waters of said Springs in their application to any beneficial use.

CONCLUSIONS OF LAW.

As conclusions of law from the foregoing facts, the Court now finds the plaintiff is the owner of, and entitled to the possession, as against all of said defendants, and all the world, in and to the real property hereinafter described, consisting of lands and water rights, as follows, to-wit:

The Southwest quarter (SW1/4), the Southwest quarter of the Southeast quarter (SE1/4), and the Southwest quarter of the Northwest quarter (SW1/4) of Section Twenty-eight (28), Township Fourteen (14), South, Range Twenty-two (22) East, Boise Meridian, together with any and all water rights thereunto belonging or in anywise appertaining, and also all of the waters of those two (2) certain springs of water, located in the East half (E1/2) of Section Thirty-three (33), Township Fourteen (14), South, Range Twenty-two (22) East, Boise Meridian, which said springs are commonly known as Berg or Carpenter Springs, together with all easements, licenses, privileges, canals, flumes, ditches and rights-of-way, in connection therewith or appurtenant thereto and used in the exercise of said water rights in their application to beneficial use; and also all the flow of the waters of that certain spring, located in the East half (E1/2) of section Three (3), Township Fifteen (15) South, Range Twenty-two (22) East, Boise Meridian, commonly known as Cove or Bates Spring, together with all easements, licenses, privileges, canals, flumes, ditches, and rights-of-way used in connection therewith or appurtenant thereto and used in the exercise of said water rights in their application to beneficial use. Together with all and singular the tenements, hereditaments and appurtenances belonging to said lands and water rights above described, excepting only therefrom, the following described parcel of said lands, to-wit: A part of the southwest quarter of the Northwest quarter (SW1/4) of said Section Twenty-eight (28) in said township and Range, described, as follows, being

451

a strip of land twenty-five (25) feet wide on each side of and parallel to the center line of Birch Creek Feeder of the Twin Falls-Oakley Land and Water Company, Irrigation system, which commences at a point 701 feet North of the said 37 $\frac{1}{2}$ ° of said Section 28 and running North eighty-four (84) degrees, fifteen minutes East, and runs to the East line of said 37 $\frac{1}{2}$ ° of said Section 28 and containing one and seventy-six-hundredths (1.76) acres of land more or less.

And, that plaintiff is entitled to a decree of this Court in conformity herewith.

AFFIDAVIT

B7 MIC

Columbus H. Carpenter, being first duly sworn, on his oath deposes and says: That he is a citizen of the United States of America, over and above the age of twenty-one years.

That he is one of the grantees in that certain warranty deed, dated November 22, 1909, filed for record in the office of the County Recorder of Cassia County, State of Idaho, on the 30th day of November, 1909, and recorded in Book Twelve of Deeds at page 351, wherein Swamy Nelson and Charlotte Nelson, E.J. Larson and Florence Larson are the grantors and C.H. Carpenter and Alice Carpenter are grantees; that, through inadvertence and mistake, the name of this affiant was, in said deed, spelled C.M. Carpenter; that this affiant is also known as C.M. Carpenter. That the Alice Carpenter mentioned in said deed was, at the time of said conveyance, the wife of this affiant; that said Alice Carpenter is now dead; that she died, intestate, at Oakley, Idaho, on or about the 30th day of May, 1915; that, on said 22nd day of November, 1909, and at all times thereafter up to the date of the death of said Alice Carpenter, as aforesaid, this affiant and said Alice Carpenter were husband and wife, one of the other; that this affiant has never, at any time, had any wife other than the said Alice Carpenter.

That this affiant, Stella E. Alfson, Lula Alice Henderson and Charles Loren Carpenter are all the heirs of said Alice Carpenter, deceased; that there are no other heirs of said deceased.

That, for more than nine years last past, this affiant and said Alice Carpenter have been the sole owners of and in undisputed possession of all the property hereinafter described; that during said full time, this affiant has paid all the taxes on said property, and each and every part thereof; that, during said full time, no other person, or persons, have ever, at any time, claimed or disputed the ownership or possession of said affiant and said Alice Carpenter to said property, or any part thereof; that the property, hereinbefore men-

tioned, is all land, situate and being in the County of Cassia, State of Idaho, and is particularly described as follows, to wit:

The Southwest quarter, the Southwest quarter of the Southeast quarter and the Southwest quarter of the Northwest quarter of section twenty-eight, township fourteen South; Range twenty-two East, Boise Meridian, together with all water and water rights thereunto belonging or in any wise appertaining.

Also all the waters of those two certain springs, located in the East half of section thirty-three, township fourteen South; Range twenty-two East, Boise Meridian, which said springs are commonly known as the Corg or Carpenter Springs, together with all easements, licenses, privileges, canals, flumes, ditches and rights-of-way used in connection therewith or appurtenant thereto. Also all the waters of that certain spring, located in the East half of section three, township fifteen South; Range twenty-two East, Boise Meridian, commonly known as the Corg or Bates Springs, together with all easements, licenses, privileges, canals, flumes, ditches and rights-of-way used in connection therewith or appurtenant thereto. Also all the waters to flow or now flowing from said above mentioned and named springs, and each and all of them, and all water rights to the entire flow of the waters of said springs, and each and all of them.

Together with all and singular the tenements, hereditaments and appurtenances thereunto belonging; or in any wise appertaining, the reversions and reversions, remainder and remainders, rents, issues and profits thereof.

That since the 22nd day of November, 1909, this affiant and the said Alice Carpenter have been the sole owners of and in undisputed possession of all the water rights herein before mentioned; that, during said entire time, the said waters from said springs have all been used on said above-described lands, and that no part thereof has ever, at any time, been used on any other land or lands; that, during said time, no other person or persons have ever, at any time, claimed any right, title or interest in or to said lands or said water rights, or the waters of said springs, or any part or portion thereof.

That since the death of said Alice Carpenter, as aforesaid, all the other heirs of said Alice Carpenter have conveyed all their rights, titles and interests in and to said above described property, and the whole thereof, to this affiant and that this affiant is now the sole and undisputed owner of all said above described property, and each and every part thereof, and each and every parcel thereof, including all said waters and water rights.

That this affidavit is made for the purpose of inducing the Village of Oakley, Cassia County, State of Idaho, to purchase said property and to pay this affiant therefor the sum of thirty-five hundred dollars.

JUDGMENT AND DECREE.

This cause came regularly on for hearing before Honorable T. Bailey Lee, one of the Judges of the above entitled court, on the 10th day of February, 1941, on the complaint of the plaintiffs filed herein. The plaintiffs appeared by S. T. Lowe and Kales E. Lowe, their attorneys, and the defendants, and each and all of them having failed to appear either in person or by an attorney, and it appearing to the Court that due and legal personal service of summons has been had upon the defendants Louisa H. Nielson, a widow, and Barnes Brothers Incorporated, a corporation, within the State of Idaho; that due and legal constructive service had been had upon each and all of the other defendants named in the complaint of the plaintiffs by publication in the Burley Herald, a weekly newspaper published at Burley in the County of Cassia, State of Idaho, for a full period of four weeks, and that more than twenty-six days intervened between the first and last publication of said summons; that the first publication of said summons was made on the 17th day of December, 1940, and the last publication was made on the 16th day of January, 1941; that the time for appearing and pleading to the complaint of the plaintiffs has expired, and no appearance, answer or demurrer has been made or filed by the said defendants or any or either of them; that the plaintiffs have filed herein their affidavit in conformity with the requirements of the Soldiers' and Sailors' Relief Act of 1940 and an order has been duly made and entered in the above entitled court and cause, ordering that judgment be entered against the said defendants, and each and all of them, by default, without requiring the plaintiffs to file a bond herein. Thereupon witnesses on behalf of the plaintiffs were sworn and examined and documentary evidence introduced and the plaintiff rested; and it appearing to the satisfaction of the Court from the evidence produced;

1.

That William J. Severe and William Severe is one and the same person, that his full, true and correct name is William J. Severe; that at all times mentioned in the complaint of the plaintiff, the plaintiffs William J. Severe and William Severe were, ever since have been and now are husband and wife.

2.

That George W. Barigar and George W. Barigar is one and the same person; that his full, true and correct name is George W. Barigar; that Annie Barigar and Anna Barigar is one and the same person; that her full, true and correct name is Annie Barigar; that at all times mentioned in the complaint of the plaintiff George W. Barigar and Annie Barigar were and now are husband and wife.

That the defendant Frank Chapman, Jr. was a married man; that his wife's name is unknown to the plaintiffs and she is sued herein under the name of Mary Jane Chapman; that the defendants Frank Chapman, Jr. and the person designated herein as Mary Jane Chapman, were and now are husband and wife.

That the defendants Ira Whiteaker and Mary C. Whiteaker were and now are husband and wife.

That the defendant Myrue O. Despain was a married man; that his wife's true name is unknown to the plaintiffs and she is sued herein under the name of Jennie Doe Despain; that the defendants Myrue O. Despain and the person designated herein as Jennie Doe Despain were and now are husband and wife.

That the defendant James Haynes was a married man; that his wife's true name is unknown to the plaintiffs and she is sued herein under the name of Mary Roe Haynes; that the defendants, James Haynes and the person designated herein as Mary Roe Haynes were and now are husband and wife.

3.

That Barnes Brothers Incorporated was a corporation organized and existing under and by virtue of the laws of the State of Minnesota, and was authorized to do business in the State of Idaho by virtue of having complied with all the provisions of the Constitution and Laws of the State of Idaho, relative to foreign corporations doing business in the State of Idaho; that on the 30th day of November, 1923, the right to do business in the State of Idaho of Barnes Brothers Incorporated was forfeited, and ever since said time it has not been authorized to do business in the State of Idaho.

4.

That Louisa H. Nielson was the sole heir at law of A. F. O. Nielson, and upon the death of A. F. O. Nielson all of his property and property rights descended to and became the property of Louisa H. Nielson.

5.

That the plaintiffs are the owners of the real estate described in the complaint of the plaintiffs, and hereinafter described, together with all of the waters of Wild Cat Creek and all springs that are tributary to or that contribute to the flow of the waters of Wild Cat Creek.

It is ordered that the plaintiffs have judgment as prayed for in their complaint.

JUDGMENT AND DECREE.

Defendants.

This cause came regularly on for hearing before Honorable T. Bailey Lee, one of the Judges of the above entitled court, on the 10th day of February, 1941, on the complaint of the plaintiffs filed herein. The plaintiffs appeared by S. T. Low and Kales E. Lowe, their attorneys, and the defendants, and each and all of them having failed to appear either in person or by an attorney, and it appearing to the Court that due and legal personal service of summons has been had upon the defendants Louisa H. Nielson, a widow, and Barnes Brothers Incorporated, a corporation, within the State of Idaho; that due and legal constructive service had been had upon each and all of the other defendants named in the complaint of the plaintiffs by publication in the Burley Herald, a weekly newspaper published at Burley in the County of Cassia, State of Idaho, for a full period of four weeks, and that more than twenty-six days intervened between the first and last publication of said summons; that the first publication of said summons was made on the 19th day of December, 1940, and the last publication was made on the 16th day of January, 1941; that the time for appearing and pleading to the complaint of the plaintiffs has expired, and no appearance, answer or demurrer has been made or filed by the said defendants or any or either of them; that the plaintiffs have filed herein their affidavit in conformity with the requirements of the Soldiers' and Sailors' Relief Act of 1940 and an order has been duly made and entered in the above entitled court and cause, ordering that judgment be entered against the said defendants, and each and all of them, by default, without requiring the plaintiffs to file a bond herein. Thereupon witnesses on behalf of the plaintiffs were sworn and examined and documentary evidence introduced and the plaintiff rested; and it appearing to the satisfaction of the Court from the evidence produced;

1.

That William J. Severe and William Severe is one and the same person, that his full, true and correct name is William J. Severe; That at all times mentioned in the complaint of the plaintiff, the plaintiff William J. Severe and William Severe were, ever since have been and now are husband and wife.

2.

That George W. Bariger and George E. Bariger is one and the same person; that his full, true and correct name is George W. Bariger; that Annie Bariger and Anna Bariger is one and the same person; that her full, true and correct name is Annie Bariger; that at all times mentioned in the complaint of the plaintiff George W. Bariger and Annie Bariger were and now are husband and wife.

That the defendant Frank Chapman, Jr. was a married man; that his wife's name is unknown to the plaintiffs and she is sued herein under the name of Mary Jane Chapman; that the defendants Frank Chapman, Jr. and the person designated herein as Mary Jane Chapman, were and now are husband and wife.

That the defendants Ira Whiteaker and Mary C. Whiteaker were and now are husband and wife.

That the defendant Myron O. Deepain was a married man; that his wife's true name is unknown to the plaintiffs and she is sued herein under the name of Jennie Doe Deepain; that the defendants Myron O. Deepain and the person designated herein as Jennie Doe Deepain were and now are husband and wife.

That the defendant James Haynes was a married man; that his wife's true name is unknown to the plaintiffs and she is sued herein under the name of Mary Roe Haynes; that the defendants, James Haynes and the person designated herein as Mary Roe Haynes were and now are husband and wife.

3.

That Barnes Brothers Incorporated was a corporation organized and existing under and by virtue of the laws of the State of Minnesota, and was authorized to do business in the State of Idaho by virtue of having complied with all the provisions of the Constitution and Laws of the State of Idaho, relative to foreign corporations doing business in the State of Idaho; that on the 30th day of November, 1923, the right to do business in the State of Idaho of Barnes Brothers Incorporated was forfeited, and ever since said time it has not been authorized to do business in the State of Idaho.

4.

That Louisa H. Nielson was the sole heir at law of A. F. O. Nielson, and upon the death of A. F. O. Nielson all of his property and property rights descended to and became the property of Louisa H. Nielson.

5.

That the plaintiffs are the owners of the real estate described in the complaint of the plaintiffs, and hereinafter described, together with all of the waters of Wild Cat Creek and all springs that are tributary to or that contribute to the flow of the waters of Wild Cat Creek.

It is ordered that the plaintiffs have judgment as prayed for in their complaint.

NOW, THEREFORE, By virtue of the law, and by reason of the premises aforesaid, it is hereby ordered, adjudged and decreed:

1. That William J. Severe and William Severe is one and the same person and that his full, true and correct name is William J. Severe. That at the time of acquiring title to the real estate and water rights hereinafter described, the plaintiffs, William J. Severe and Lillian Severe were, ever since have been and now are husband and wife.

2. That at the time of the institution of this action, the plaintiffs, William J. Severe and Lillian Severe, his wife, were, ever since have been and now are the owners, in possession and entitled to the possession of the real estate, water and water rights, described in the complaint of the plaintiffs and hereinafter described, in fee simple, unconditional; that their right, title, claim and interest of, in and to the said premises, water and water rights, and the whole thereof, as such owners, in fee simple, is hereby found, decreed, declared and established, free and clear of any and all claims, demands or pretensions of the said defendants, and each and all of them, their heirs, executors, administrators, successors and assigns, and the unknown owners and unknown claimants of the real estate and water rights described in the complaint of the plaintiffs and hereinafter described.

3. That the defendants, and each and all of them, their and each of their heirs, executors, administrators, successors and assigns, have no right, title, claim or interest of, in or to the said real estate and water rights, described in the complaint of the plaintiffs, and hereinafter described, or any part or parcel thereof; that the said defendants, and each and all of them, their and each of their heirs, executors, administrators, successors and assigns, and all persons claiming thru or under them, or any or either of them, are hereby perpetually and forever enjoined, restrained and estopped from making, asserting or claiming any right, title, claim or interest of, in or to the real estate and water rights described in the complaint of the plaintiff and hereinafter described, or any part or parcel thereof, and all and singular the tenements, hereditaments and appurtenances thereunto belonging or in anywise appertaining.

4. That the real estate and water rights described in the complaint of the plaintiffs, and of which the plaintiffs, William J. Severe and Lillian Severe, his wife, are hereby found, adjudged and decreed to be the owners in fee simple, unconditional, free and clear of all incumbrances, is situated in the County of Cassia, State of Idaho, and particularly described as follows, to-wit:

South half of the Northeast quarter (S½NE¼); Southeast quarter of the Northwest quarter (SE¼NW¼); East half of the Southeast quarter (E½SE¼); Southwest quarter of the Southeast quarter (SW¼SE¼) of Section 4, Township 15 South, Range 22 East, Boise Meridian, together with all and singular the tenements, hereditaments and appurtenances thereunto belonging or in anywise appertaining, and all of the water of Wild Cat Creek, a tributary of Dry Gulch, together with the water of all springs that contribute to Wild Cat Creek.

5. That the springs that are now known to contribute to Wild Cat Creek, which constitute tributaries thereof, and the waters of which are hereby decreed to the plaintiffs are approximately located as follows, to-wit:

- One spring on the South quarter corner of Section 3;
 - One spring in the Southeast quarter of the Northwest quarter of Section 10;
 - One spring in the Southwest quarter of the Northeast quarter of Section 10;
 - One spring on or near the East quarter corner of Section 10;
 - One spring in the Northeast quarter of the Southeast quarter of Section 10;
 - One spring in the Southeast corner of Section 10;
 - One spring in the Northwest quarter of the Northwest quarter of Section 14;
- all in Township 15 South, Range 22 East Boise Meridian.

That this decree shall include any and all other spring or springs that contribute to the flow of the water of Wild Cat Creek, and the designation of the location of the certain springs herein shall not be or constitute or be construed to be a limitation as to the number and location of the springs that actually contribute to said stream but the springs designated in this decree are designated for the purpose of finding, adjudging and decreeing that they are tributaries of said Wild Cat Creek.

AGREEMENT TO ALLOCATE WATER RIGHTS

COPY
Other copy in Outline Book
30

THIS AGREEMENT, dated as of the 1 day of May, 1989, between PICKETT RANCH & SHEEP COMPANY, a corporation, having its principal office at Oakley, Cassia County, Idaho (hereinafter called the "Company"), and the CITY OF OAKLEY, a subdivision of Cassia County, Idaho, (hereinafter called the "City").

WHEREAS, the parties hereto desire to file their respective claims to water as required by Civil Case Number 39576, Fifth Judicial District of the State of Idaho, in and for the County of Twin Falls, commonly known as the Snake River Water Rights Adjudication; and

WHEREAS, the parties hereto have entered into an agreement dated April 7, 1982, duly filed with the Recorder's Office, Cassia County, Idaho, Index # 142541, giving City a pipeline right-of-way across Company's real property located at Section 4, Township 15 South, Range 22 East, Boise Meridian, in exchange for certain rights to the use of a specified amount of water from City's pipeline during the term of the aforesaid Easement, and also acknowledging in Section Twelve thereof that Company may be the rightful owner certain water rights in the City's present system which are superior to those of City's; and

WHEREAS, the Company is the owner of a certain License of Water Right filed with the Idaho Department of Water Resources and recorded under License Number 10324/45-2141, bearing a priority

date of June 22, 1914 for the appropriation of 0.24 cfs between April 1 and November 1, said water to be diverted at any one time within the Southwest Quarter of the Northwest Quarter of Section 3, Township 15 South, Range 22 East, Boise Meridian; and

WHEREAS, a certain deed dated November 12, 1925, on file with the Recorder's Office, Cassia County, Idaho, located in Book 35 of Deeds, Page 348, Index #80059, conveys to City "....all the waters of that certain spring, located in the East Half of section three, township fifteen South; Range twenty-two East, Boise Meridian, commonly known as the Cove or Bates Springs, together with all easements, licenses, privileges, canals, flumes, ditches and rights-of-way used in connection therewith or appurtenant thereto."; and

WHEREAS, it is believed by the parties hereto that either all or part of the water source for Company's License, Number 10324/45-2141 originates from the same spring or springs as conveyed or intended to be conveyed to City in the aforementioned deed (Index #80059), it also being believed by the parties hereto that some of the water presently diverted by the City is located in the West Half of Section 3 rather than in the said East Half; and

WHEREAS, there is no clear indication that Company at any time ever abandoned or intended to abandon, forfeited or intended to forfeit, its licensed right to 0.24 cfs of water by virtue of City's use of water from the said spring sources in Section 3 at

some point in time subsequent to June 22, 1914; and

32

WHEREAS, Company is presently unable to divert water from its aforementioned point of diversion sufficient to satisfy its licensed right as a result of City's having appropriated the same for its own use and for the use of Company as evidenced by the parties' aforementioned agreement dated April 7, 1982; and

WHEREAS, City is the owner of a certain License of Water Right filed with the Idaho Department of Water Resources and recorded as License Number 45-4184, bearing a priority date of 1930 (no month and day recorded) for the appropriation of the entire flow of thirty springs and a well to be diverted from a number of locations including but not limited to sources within Sections 3, 10 and 14, Township 15 South, Range 22 East; and

WHEREAS, the history of the settlement of the Oakley valley indicates that water from all springs in Sections 3, 10, and 14 of Township 15 South, Range 22 East, Boise Meridian, were used on an annual basis for the watering of domestic livestock long before City's priority date of 1930, and that Company's earliest acquisition of range and accompanying water rights apparently came from certain leases acquired from George Day in 1933 or 1934; and

WHEREAS, a certain deed dated September 19, 1941, on file with the Recorder's Office, Cassia County, Idaho, located in Book 46 of Deeds, page 541, Index #139970, conveys to Company "...one spring in the Northwest quarter of the Northwest quarter

(NW1/4NW1/4) of Section 14, Twp. 15 S.R. 22 E.B.M., and the water from any and all other springs appurtenant to the above described real estate that will not flow by gravity unto the pipe line of the Oakley Canal Company;"

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual promises and covenants, it is mutually agreed that Company shall allow City to claim an uncontested right to 0.18 cfs of Company's aforementioned License #10324/45-2141, and City shall allow Company to claim an uncontested right to 0.06 cfs of water from City's water system, subject to the following terms and conditions:

1. That this agreement shall otherwise be deemed approvable by the Idaho Department of Water Resources and the District Court of the Fifth Judicial District of the State of Idaho, as well as any other courts to which the respective water claims of the parties may be appealed; and
2. That this agreement shall be interpreted so far as possible so as not to conflict with any terms and conditions of the parties' aforementioned agreement dated April 7, 1982; and
3. That neither City nor Company shall at any time in the future claim that the other has abandoned or forfeited any right or rights to any water from any source within the contemplation of this agreement, including but not limited to the Company's inability to show that it is appropriating specific molecules of

water from its licensed right in Section 3 either as a result of City's piping of such water to a point below Company's established place of use or as a result of Company's failure to divert such water from its established point of diversion as specified by its aforementioned License #10324/45-2141.

4. That the term of this agreement shall be the same as that term specified in the parties' aforementioned agreement dated April 7, 1982, such term to be so long as City's pipeline and appurtenances constructed pursuant to that easement agreement shall be maintained and operated by City.

5. That the parties mutually promise and agree that at the termination of this agreement, City will immediately execute a Quitclaim deed to Company conveying to Company without any reservations, reversions or restrictions, its aforementioned 0.06 cfs right to water, and Company will immediately execute a Quitclaim deed to City conveying to City without any reservations, reversions or restrictions, its aforementioned 0.18 cfs right to water, all from those springs located in Section 3.

6. That the parties mutually promise and agree that despite the aforementioned long and continued diversion of water for the watering of domestic livestock from said springs in Sections 10 and 14 pre-dating City's priority date of 1930 and also despite Company's aforementioned deed (Index #139970) for a right to certain water in the Northwest Quarter of the Northwest Quarter

of Section 14, Township 15 South, Range 22 East, Boise Meridian (commonly known as Choke Cherry Spring), Company shall not contest City's proclaimed superior right to any water in said Sections 10 or 14; provided that, if the purpose of this agreement should become frustrated or rendered impossible to perform for any reason whatsoever, the parties mutually agree and promise that either party may demand upon the other an exchange of quitclaim deeds allowing Company a vested water right for 0.06 cfs in the said Choke Cherry Spring (or, if the parties mutually agree, in Wildcat Spring located in Section 10) in exchange for Company's quitclaim deed to City conveying its said 0.06 cfs water right in Section 3.

7. That it is mutually understood that this agreement is the compromise of water claims bearing uncertain backgrounds and circumstances relating to their present and respective validities and priorities, and that the execution of this agreement is not to be construed as an admission of any fact or circumstance by any person or organization not a party to this agreement in any court of law or in any agency of the State of Idaho or United States.

8. That the terms of this agreement are intended by the parties to be contractual and not mere recitals. With the exception of the aforementioned agreement between the parties dated April 7, 1982, this agreement for the allocation of water rights contains the entire agreement between the parties, and no promise, inducement, or agreement not herein expressed has been made to the

undersigned.
