An aerial photograph of a land section, likely for surveying or planning purposes. The image is overlaid with a grid of blue lines representing section boundaries. A prominent black diagonal line, possibly a road or railway, runs from the top left towards the bottom left. A specific area, labeled 'Lot 1 NENW', is highlighted with a yellow and orange cross-hatched pattern. The text 'T08N R41E Sec 13' is printed in the upper right quadrant. Several small blue square markers are scattered across the map, and two white circular punch holes are visible at the top edge.
