

Quantity was determined by
Decree.

Gravel Creek is estimated
at 10 cfs in Decree (in June)

this portion of water right was
given $\frac{1}{16}$ of water in gravel
creek

$$\frac{1}{16} \text{ of } 10 \text{ cfs} = .625 \text{ cfs}$$

9/14/04

Talked to Tod about Quantity
and agreed to .625 cfs
T. for Willb J. Dwyer

need to match season of use because it's
incidental

- meeting w/ Ernie 10/14/04

needs stock conditions Nos NO8

Shared w/ Tod on 10/18 PM
