	)	FOR WATER RIGHT 63-318C

I. FINDINGS OF FACT

A notice of claim was filed for this water right pursuant to I.C. § 42-1409. The Director of the State of Idaho Department of Water Resources examined the water system for this reporting area. The *Director's Report* contained a recommendation or abstract for the elements of this water right.

An objection was filed by the United States of America, Bureau of Reclamation and an objection was filed by the Boise Project Board of Control. Both objections were filed on January 31, 2003.

On November 30, 2004, this Special Master issued an *Order Setting Trial Dates and Deadlines; Order to Show Cause and Notice of Hearing Thereon*, which stated that failure to appear at the *Show Cause* hearing will result in the claimant being deemed to have consented to the settlement language proposed by the objectors. Hearing on the *Order to Show Cause* was set for December 10, 2004. The claimant failed to appear. Accordingly this Special Master found that the claimant has consented to the additional language.

II. CONCLUSIONS OF LAW

Therefore, based on the file and record herein and pursuant to the findings made at the December 10, 2004, hearing, and the Notice of Administrative Proceeding for change of ownership, IT IS RECOMMENDED that water right 63-318C be decreed with the elements as set forth in the attached *Recommendation for Partial Decree Pursuant to I.R.C.P. 54(b)*.

IT IS ORDERED that the Trial Schedule and Deadlines for this subcase is vacated.

DATE December 10, 2004.
