MEMO TO FILE

From: Vikie Hancock

7/2/04

RE: Recommendation of Claim Nos: **45-13747 & 45-13748**
 both portions of 45-10335

No evidence of priority exists for the "Airport Spring Pipeline" claimed under these rights. No licensed right, private or federal, was found to document the construction date of the developed system of troughs claimed. The spring and pipeline system is on land managed by the US Forest Service.

The claimed priority date for the above rights is 1872. The only place of use that could have existed on that date is at the spring source itself, as it is reasonable to assume no pipeline had been constructed in 1872. The claims list a place of use at the spring location, therefore, my recommendations for 45-13747 & 45-13748 include only one place of use, at the spring. The recommended diversion rate is .02 cfs for non-developed surface sources.

Per a Stipulated Agreement between the USA and claimants Scott Bedke, Karl Bedke and Mike Poulton signed 8/18/2002, their portion, 45-13747, was recommended with a priority date of 6/11/1905.

As Bruce Bedke did not sign the above mentioned stipulated agreement, I recommended a priority date of 1872 for his portion, 45-13748.
