PROGRESSIVE IRRIGATION DISTRICT
ATTN: ALAN SKAAR
2585 N AMMON RD
IDAHO FALLS ID 83402

Dear Alan,

In light of our discussions with Steven Campbell, Dorothy Anderson, and Diane Funk we have altered our recommendation of decreed water right no. 25-85 to reflect their ownership of this right. A portion (0.44 cfs) of this right had previously been recommended to Progressive under claim no. 25-13385. We have corrected our recommendation of claim no. 25-13385 to reflect our current understanding of the ownership of these 1884 Willow Creek rights. Enclosed is the current version of our preliminary recommendation for claim no. 25-13385. If you have questions regarding this correction, please give me a call.

Sincerely,

Michael Holliday
Water Resource Agent
Adjudication Bureau
