Idaho State Department of Water Resources

Water Rights:

Re # 2/- ⁷³²⁹~~7334~~ (water rights number)
Township 11N, Range 42E, Tract NW SW, County 43 Fremont

The Pinehaven Planning Board is currently registered as the owner of the water rights to domestic water from the wells in the Pinehaven community. As part of the program to divest itself of these water rights, it is the intent of the Board to transfer these water rights to the owners of the properties served by the existing community/private wells.

Since the current rights are registered by individual well, there is to be no splitting or division of the rights as currently registered and hence it is our understanding that no splitting fee is required. Further, since the wells lie in the Upper Snake River drainage which water rights have at this time not been adjudicated, it is also our understanding that no transfer fee is required.

This letter is to serve as the authorization to transfer the water rights on well #5, as shown on the well distribution plan of the developers of the Pinehaven subdivision to North Pinehaven Well Group #5.

Pinehaven Planning Board

Noel Damon
Chairman
