RE: 31-11808

Dear Ernie:

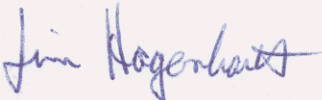

About one year ago I filed a notice of claim to a water right with your office. This was a small water right on a spring that was tributary to Sheridan Creek in Basin 21. One of you co-workers did the work on this filing and sent me a computer printout giving this claim a Basin 31 number of 31-11808. Along with this printout was a receipt ID N015551 for \$113 with a fee detail of:

Fund FD PCA SO

\$113.00 ADJUDICATION FILING FEE 0337 45503 1155.

Also I was sent a Standard Form 4 which was to be used to file a late Notice of Claim or an amendment of a Notice of Claim in a reporting area where the Director's Report has been file. This form and procedure was appropriate for a water right being claimed in Basin 31 at that point in time. I contacted your or your office and explained that this water right was made on water that flowed in Basin 21 and it had been placed in the wrong basin. Basin 21 does not have a Director's Report, so this Notice of Claim should not be subject to the conditions outlined in Form Four and should have not been given a Basin 31 number. In any event, I either communicated with you on the phone or via mail and you indicated you would correct this situation and notify me of this correction. To date I have not had any communication from your office in further regard to this Notice of Claim and if this correction has been made. Would you please look into this situation and notify me at the above address as to you findings and the status of this Notice of Claim and its identification number.

Thank you,

Jim Hagenbarth
