1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

We disagree with the quantity. We have 2 wells and the quantity should be double.

2. Describe the changes you wish to make in the proposed recommendation:

We wish to make sure BOTH OF OUR WELLS are included. THE INITIAL WELL WAS INSTALLED SOME TIME before 1968 and THE SECOND WELL WAS INSTALLED IN 1972

3. Give a brief explanation as to why you disagree with these portions:

We disagree, because all of our water rights are NOT RECORDED ACCORDING TO THE REPORT WE RECEIVED BOTH OF OUR WELLS SHOULD BE CONSIDERED FOR OUR TOTAL WATER RIGHT

I AGREE with this proposed recommendation: no changes need to be made.

RE: NOTICE OF ERROR REPLY FOR WATER RIGHT 29-7104

Dear Mr. Hammond:

This letter is in response to your request for additional water on the above referenced water right.

We recommended two wells (denoted by two points of diversion) however the quantity is limited to the licensed amount of 0.67 cubic feet per second.

In order to obtain a right to additional water, you must fill out a "Permit to Appropriate Water" which is enclosed.

If you have further questions, please contact Water Rights Supervisor, Ernest Carlsen at (208) 525-7161.

Sincerely,

Jennifer Crabtree
Technical Records Specialist
