To Whom it May Concern:

I was requested to supply my history of domicile on and use of water right #29-13063 in T09SR38E, Sec. 32, NENWNE within Bannock County.

My family and I lived on the above referenced property in a large mobile home several years in the 1980s. This home was hooked up to the well and a state permitted septic system. I worked there for my father, Farrell Rowse during this time. The well was also used to water livestock since there was no other source of stock water for our stock on the north side of Merick Road. I do not have the exact dates of my residence there, but if it is needed, I can look back thru my records and establish the time.

Please let me know if you need any more information.

Respectfully yours,

Warren Rowse
