Re: *Marsh Valley Development Objections to Extended Season of Use
Basin 29 Water Rights*

Dear Counsel and Parties:

Enclosed are some documents that might be helpful in the settlement discussion to be held next week, **Wednesday, November 10, 2004 in Twin Falls starting at 10:00 at the SRBA Courthouse**. Many of you have already seen this information, but I wanted to make sure that everyone had the same documents. The first document organizes the parties and issues so we can track what gets settled and which parties are involved in what water right. The other documents detail efforts from prior settlement discussions, including measurement information. The map and the last spreadsheet correspond to each other and show the reaches where measurement information was taken.

As you are aware, this is a mandatory settlement conference with the Honorable Barry Wood mediating. I have also sent this information to Judge Wood for his review and have briefly discussed the issues with him. Ernie Carlsen from the Idaho Department of Water Resources' Eastern Region office, myself and my paralegal, Ray Williams will be attending from the Department. We will also be bringing some larger maps that can be used during the discussion.

If you have any questions, please feel free to call me or Ray at 287-4800.

Very Truly Yours,

Candice M. McHugh
Deputy Attorney General, IDWR
