E. REASONS SUPPORTING OBJECTION(S):

The United States has not appropriated its own stockwater right with its own livestock, purchased or otherwise negotiated for a stockwater right, adversely possessed a stockwater right, or obtained it through the efforts of an agent. Therefore the court should not grant the water rights at issue to the United States simply because it manages the public domain. See *Order on Motion and Cross Motion for Summary Judgment BLM Stockwater Claims in Basin 72* (issued on 2/6/98)
