Dear SRBA Court Clerk,

I would like the judge to set aside the partial decrees 65-10581 and 65-10582 and change the legal descriptions by judgement, based on the fact they were decreed and filed under the wrong legal description.

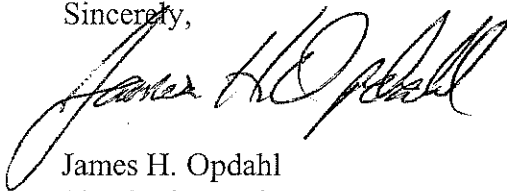

When Mr. Clifford Hansen filed with the SRBA to receive partial decrees for domestic and stock water rights for his property, which were issued as 65-10581 and 65-10582, he apparently got the quarter - quarters reversed from the legal descriptions in the Payette Decree so the wrong legal description is entered in the above-mentioned partial decrees.

My wife and I purchased this property in 2001 and I have been working on getting the water rights cleared up; which has been a very confusing process as I was not given any clear direction on what to do until recently.

The irrigation water rights for this same property were apparently also in error and have, to my understanding, previously been resolved and partial decrees reissued from 65-10583 on July 26, 2002 as 65-22361 and 65-22620.

Thank you for taking care of this matter.

Sincerely,

James H. Opdahl
