Case No. 39576	)	12717
	)	(USDI/BLM)
	)	
_____	)	SPECIAL MASTER REPORT

Findings of Fact

The Director of the Idaho Department of Water Resources filed his *Director's Report, Domestic and Stock, Reporting Area 10 (IDWR Basin 45)* on March 2, 1998. The Director recommended the above seven claims to the United States of America, Department of Interior, Bureau of Land Management, Idaho State Office, 1387 S. Vinnell Way, Boise, Idaho, 83709-1657, for .02 cfs from various streams and creeks for year-'round instream stockwater use in Cassia County with a priority date of January 1, 1873, based on beneficial use.

The State of Idaho filed an *Objection* on July 2, 1998, alleging the water right should not exist. On April 7, 1999, Michael and Gary Poulton and Bruce and Jared Bedke filed *Motions to File Late Objections* in multiple subcases, including the above seven claims, objecting to priority date, purpose of use and alleging the water rights should not exist.

Jared Bedke filed a "revised objection list" on June 18, 1999, excluding the above seven claims. On July 6, 1999, Bruce Bedke filed the same "revised objection list." The Poultons filed a *Notice of Basin 45 Subcase Objections* listing only those subcases to which their *Motions to File Late Objections* pertain – the above seven claims were excluded. On December 30, 2004, the United States and the State, with IDWR's concurrence, filed *Standard Forms 5* agreeing to a June 28, 1934, priority date.

Conclusions of Law

The United States is entitled to partial decrees adjudicating water rights for the above seven claims as described in the *SF-5's* and the attached *Special Master Recommendations for Partial Decrees for Water Rights 45-12507, 45-12531, 45-12533, 45-12673, 45-12674, 45-12685 and 45-12717*.

DATED February 4, 2005.

TERRENCE A. DOLAN
Special Master
