Mr. Kenneth Hacking, Secretary
Sunnydell Irrigation District
Route 1
Thornton, Idaho

Dear Mr. Hacking:

Mr. Walter Bybee was in the office today to discuss his water right in Elkhorn and Hawley springs. Both he and Mr. Clay have decreed rights in these springs but have been drawing their water thru the Sunnydell Canal.

For the past few years we have credited the Sunnydell Canal with a continuous flow of 1.0 second-feet from the above springs. We are doing the same this year.

It is reported that developments at the Heise resort may result in a decreased inflow from Elkhorn and Hawley springs. We will obtain measurements in the near future but in any case, will continue to credit the Sunnydell with the full 1.0 second-feet. If there is a reduction in the spring inflow it will be charged against those obtaining the water.

Very truly yours,

H. C. Eagle
Watermaster
