OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This right is subject to the agreement dated 4/13/1985 between the right holder and Cottonwood Water Users Assn. to the extent such agreement covers matters within the jurisdiction of the Department of Water Resources.

Pursuant to Section 42-4201A(3), Idaho Code, the Director may reduce the amount of water diverted for recharge purposes under this right even though there is sufficient water to supply the entire amount authorized for appropriation under this right.

Pursuant to Section 42-4201A(4), Idaho Code, to insure that other water rights are not injured by the operations of the recharge project authorized by this right, the Director has authority to approve, disapprove, or require alterations in the methods employed to achieve ground water recharge.

Two injection wells are located in the NENE, Section 6 and one injection well is located in the SESW, Section 8; Twp. 13S, Rge. 21E.

The discharge of water into injection wells must be authorized by separate injection well permits.

Permanent measuring devices that are capable of measuring the flow into the wells and the total volume of water injected must be maintained at each injection well.

IDAHO DEPARTMENT OF WATER RESOURCES
RECOMMENDED WATER RIGHTS ACQUIRED UNDER STATE LAW

This right is for the diversion of waters at times when those waters are not diverted to fill rights having priority dates earlier than the date of this right.

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 45K.
