4/2/04 Claimant amended claim for
stock/Domestic - diminimus

Recommend as noted. CB

10/28/04 Did a field exam yesterday and
GPS'd a domestic/stock Spring and home
but it doesn't match this claim. Talk
to Lynn and find out if it is the same.

11/10/04 priority 4/1/1925, this is the same, ~~the~~ They
had trailers and the cabin there in
1925. In 1980 Lynn built his cabin
and removed the trailers.
Update the information.

12/6/04 I talked with Lynn on this night because
the 3 cabins/homes & trailers were
not all there in 1880. Only the one
homestead would (or the replacement) would
fall under the 1880 priority. They would
have to file on the other cabins/trailers
when they were built. Lynn would
like his cabin recommended as the
replacement home.

Recommend as Lynn + Glenn's cabin.

"1" home NOT 3!
