Subject: Ownership Change for 29-4177

Hi. As you may recall, I changed the ownership to Cheri Baker on the above parent right when it had already been split into an A & B. So I need to change the A & B. It appears she gets all of the B but Ernie told me to split the A between her and the Lundburg's. When I'm done with the shapes I'll let you know. Jen

Hi. I guess this is what I get for not checking the file before I do an ownership change. I will definitely put it in my "problem" pile for Ernie's review.

Hey Jen,

Am slightly confused with the C/O. 29-04177 was split into parts A & B. Looks like you changed the Parent right. Something to note also. When looking at parts A & B the status of both is "Decreed" even though it is based on a Statutory claim. The reason for this is 29-04177 was involved in a private adjudication in March of 1993. These rights have not been decreed in the SRBA. I think the A and B portions need to be changed. I don't have a lot of personal information on these rights. Carter was going to prepare the shape for the SDE layer so I haven't looked at them. Further questions might need to be directed toward Carter or Ernesto.

Craig

Hi there. I changed the ownership for the above right from Lundburg to Baker. Proof of ownership, etc. is here.

Hi. I got an ownership change for 29-4177 (Lundburg - Baker). I will add it to my pile and let you know when I have it finished (it may be awhile!) I need a secretary!
