Don Hall, Debra Hall.

- Provided documentation of when W.P.A. was authorized to make changes in Marsh Creek in order to divert waters. Assumed ditch may have been ready to go next day. Therefore, priority date recommended was one day following the document date or July 27, 1939.
- Claimed acreage was 40 acres. NAPP 987/88 photography shows only 17.3 being irrigated from Marsh Creek. Therefore recommended acres was 17.3 w/ 0.35 cfs.
