- See pictures for conveyance under road.

- See GIS for service area.

7/10/01

Called and talked to Teri about the name on the water rights. I told her that I need a letter from Cory to remove his fathers name from the claim and add Teri's name. She said she will send in the letter.

A generous estimate of irrigated acreage as of 1987 is roughly 13 acres.

Also ask if he can provide some estimate or evidence of what is actually irrigated.

Might base Irrigated POU on capacity of system.
