

IN THE MATTER OF:

AFFIDAVIT

State of Idaho
County of _____

DERYL G. PARRIS being first duly sworn,
deposes and says: The creek that to my knowledge
has no name, that is a tributary to Peck
creek and runs from east to south west
through the Deryl Parris Property, was used
for stock watering only by other land owners.
However since my recollection on or about April
1 1942 when my Father Oliver E. Parris agreed
owner ship of this farm he used the creek
to water about 4 to 5 ~~acres~~ acres of pasture
and garden lying along the stream. We also
pumped water by means of a hydraulic ram
type pump to the area around the house to water
trees shrubs + lawn and small garden. The
pump is still in place and was in place
on April 1, 1942. I would guess it was in use
20 to 30 years prior to that date. The stream
house gate was in place and the ditches were
being utilized from then to April 1, 1942. I claim
the water right now and in the future
approximately 100 yds to the west of the
house built a pond in the late 1900's and
is still pumping from this creek on south west hand
to house up at that time. This is the only other irrigation
use I know of before the stream enters Peck creek.
