

Memorandum

Date: July 4, 2001

From: Craig Saxton

Subject: 29-04264

29-04264 is statutory claim for well. In 1974 when the well associated with 29-07243 was installed, this well water was then put into a pond and used to irrigate the gully where it is currently in use.

Results

POU – GIS shows 11.8 acres

POD – GPS point taken

Purpose of Use – Irrigation and domestic for two homes. One home isn't owned by Mr. Armstrong. He says they have a well agreement. Other user isn't on claim and shouldn't be.

SOU – Set at IDWR standard.

Overlap – E01 - Right 29-02182 is a spring used to fill the pond that irrigates the same place of use as this right.

Diversion Rate - Measurement Needed. E01 needs to be limited to 0.26 cfs recommended in 29-02182.

C18

Source – Groundwater

Priority Evidence - In conversation with Mr. Armstrong, he stated that he new the well was drilled the year before he went to Law School. He went

Status As of July 4, 2001

Layouts done, JPG on X-drive, Shape made, POD accurate

Measurement Needed – then finish data entry in eCVR.
