CHERRY GROVE CANAL CO.

ABR

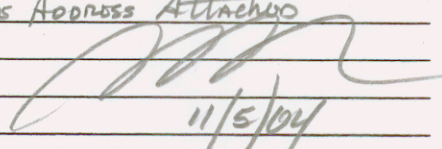

On Nov. 4, 2004, I met with Pat O'Connor and several other members of Cherry Grove Canal Co. I advised them that I had found four (4) water rights dating back to 1896 that have not been claimed in the SRBA. The only claim filed to date is 22-00096 which is a 1916 flood water right. Further, that Mr. Joe Northcott, the individual who filed on 22-96 on behalf of Cherry Grove as President had sent me a letter of resignation.

I discussed with the group the necessity of re-organizing since I understood from Mr. Northcott that the organization was now defunct and users of the system are not known (partly due to frequent sales of property and/or large subdivisions). I further advised they contact the Secretary of State to obtain docs. of the previous charter and re-organization.

We reviewed the poll map and ditch systems to verify mapping was accurate. Only a few minor changes to poll. Discussed with them the consequences of giving up acres - advised they find another place for them.

They expressed that they did want to file the omitted claims back to 1896. I will do that next office day. Further advised I will combine 22-185 and 22-572 since they are both 6/1/1896 - It will save them \$50⁰⁰. Their total costs will be \$150⁰⁰ - I will send claims - They can sign w/ Notary and mail back with check.

Also filed change of address to Pat O'Connor since Joe Northcott resigned. See Change Address Attached
