Re: Adjudication Claims

Dear Water Users:

Enclosed are three Adjudication Claims for water rights transferred by Richard A. Egbert Limited Partnership in 1993. Even though these rights were acknowledged by the transfer process, they still need to be claimed in the Adjudication.

I've prepared the enclosed claims based on the transfer. They are your claims, however; please review the enclosed instructions and modify the claims as you feel appropriate. Please initial any changes. Submitting the claims will allow the rights to proceed to claims investigation, recommendation, and finally to court decrees.

Please correct the address at the top of these claims, and add other names and representatives as appropriate. The claims need to be signed by an officer of the Richard A. Egbert Limited Partnership, or by an authorized representative. If the representative is not an officer of the partnership, we need a document from one of the officers authorizing the representative to act in behalf of the partnership. I generally carry my notary stamp home at

night, so I could come by some evening and notarize your signature, if you wish.

There will be a claim fee of \$50 per right, plus \$50 late fee per right, plus a diversion rate charge of \$6 per right (0.06 cfs X \$ 100/cfs). The total, then, is \$106 per claim.

Note that all the rights are from the same source, and that the transfer limits all the rights in combination to 0.06 cfs. Therefore, it appears that water right 31-00049B alone will give you the same benefit as all three water rights together. You may wish to consider only filing on this most senior water right.

Please call me at 208-525-7161 or 208-663-4853 if you have questions.

I will be contacting you again later this summer about the enlargement claims we've talked about on the phone.

Sincerely,

Bryce A. Contor

RE: Water Rights 31-00049B, 31-00050B, 31-00051B

Dear Senator Egbert:

This letter is intended to serve as a reminder to you that the above captioned water rights have not been filed on in the Snake River Basin Adjudication (SRBA).

These water rights were separated from the parent irrigation rights by transfers 3837 and 4090. One of the changes granted by the transfers was a change in nature of use to stockwater. Though the district court has designated filings for stockwater in the SRBA as deferrable, given the origin of these rights and the fact that delivery of the water is subject to regulation by the watermaster of State Water District No. 31, it might be to your benefit to file notices claiming these rights.

Enclosed for your convenience are three notices of claim prepared from information contained on the transfers. Should you decide to file please review the notices to ensure they correctly reflect the transferred rights, complete the organization signature block, have the signature notarized and return the forms to this office along with the filing fee. If promptly filed the fee for each notice is \$25.00.

Feel free to contact me should you have questions concerning the notices of claim.

Respectfully submitted,

Ernest Carlsen
Water Rights Supervisor, Adjudications
