_____ and is the person (or representative of the corporation) to whom such right so issued, or has become the owner thereof in the following manner, i. e. by decree of said court _____ as per abstract of title of said water right hereto attached and made a part of this statement:

That said waters are now diverted from said stream in the places described in the above attached sheets of paper, and map following which designates diversions in Section 21, Township 10 North, Range 36 East, B. M., and conducted to the above described lands through ditches of earth _____ as per map herewith and of this affidavit made a part;

That affiant and petitioner desires to abandon the use of 3.64 cubic feet per second of said water upon the above described land, and to convey and use same upon the following tract, situate, lying and being in the County of Clark and State of Idaho, to-wit: within the limits of the Village of Lubois as per the recorded plats thereof on file in the office of the County Recorder of Clark County, Idaho, and through the same points of diversion as they now exist and altered.

That his reasons for desiring to make such transfer are as follows: that he is selling his land and water rights; and because in recent years shortage of water has made it impracticable to try to hold his land and water rights as they now exist.

That he intends to divert and convey 1.64 second feet of water to the tract of land last above described in the following manner: through the same points of diversion as they now exist, and as set forth above

as set forth upon the map herewith; and that no one will be injured by such transfer.

WHEREFOR, Affiant and Petitioner pray that the Commissioner of Reclamation of the State of Idaho issue to him the proper certificate authorizing such transfer, in accordance with the provisions of Section 3681 of the Idaho Code, Chapter 41-216 of the Idaho Code Annotated

Do you claim any other water right for the land from which you seek to abandon the use of this water?
1.95 c.f.s. of May 1, 1894 right, now in process of transfer.
If so, give amount, date and source. Dry Creek (or Beaver Creek)

Is there now any other water right for the land to which you seek to make this transfer? If so, give amount, date and source. no

Signed James Laird
Applicant.

(x) I, the said James Laird, have deeded away the balance of land designated in the two attached sheets of paper as tracts 1, 2, and 6 together with all of my decreed water right of 1.6 cubic feet per second of water with priority of May 2, 1910; together with .80 cubic feet per second of my decreed water right of May 1, 1894; together with .80 cubic feet per second of my decreed water of September 10, 1892, which said last mentioned lands and water I have deeded to Thomas Katseanes and Harry Katseanes of Blackfoot, Idaho.

I am selling the balance of 1.95 cubic feet per second of my decreed water right of May 1, 1894; to Edward W. Laird of Dubois, Idaho; which leaves only one other water property to sell, namely, the property of 3.64 cubic feet per second of water of September 10, 1892 which I seek in this application to have transferred to the Village of Dubois.

Mr. David V. Hagenbarth,
Idaho Falls, Idaho.

Dear Dave:

I find upon a thorough search, that I was mistaken about having an old copy of the paper having the legal advertising of the transfer of water right from James Laird holdings to the Village of Dubois.

But I remember the wording etc. clearly, and vouch that the transfer only changed the holdings to the amount of 3.64 second feet of water of the priority of Sept. 10, 1892, to the Village of Dubois. The point of diversion remains the same; namely in the corporate limits of the Village.

So you have nothing to worry about, as any protest can be made if and when any attempt is made to change the point of diversion, with that priority, to or above your diversion point. This will also have to be advertised.

Sincerely,

Elvin W. Henninger

Village Gets Water Rights For Irrigation

Will Furnish Water For Entire Corporate Village

In a telegram received yesterday by H. R. Harn from the Department of Reclamation, Boise, Idaho, he was advised that no protests had been filed against the transfer of 182 cubic inches of water, with a priority of September 10th, 1892, from the former James Laird holdings to the Village of Dubois.

The Village of Dubois is now the owner of an adequate water supply for irrigating of the entire area within its corporate limits, and the plan of the Trustees call for a complete survey for distribution purposes.

Probably no single event in the history of the Village since the completion of the present deep well in 1938 means so much to the residents of the Village. The generosity of James Laird and the assistance of the State of Idaho in making the purchase possible will be appreciated more and more as the benefits from irrigation begin to show in the next few years.

The foresight of the Village Trustees and their purchase of an adequate irrigation supply should be commended by all.

TARGHEE COAL COMPANY RESUMES WORK THIS WEEK

The Working boys of the Targhee Coal company are back at the mine with two other employees opening up the portal for the new tunnel. Although a little delayed by the rainy weather it is expected that more men will be added as soon as accommodations are available.

Under construction at the mine is a 16 x 20 foot cabin which will be used for housing facilities. It is planned to put out two of the veins already opened up. A new tunnel is under construction.
